

LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions

An examining physician for one of the prominent life insurance companies, in an interview on the subject made the astonishing statement that the reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people and the large majority of applicants do not even suspect that they have the disease.

He states that judging from his own experience and reports from druggists who are constantly in direct touch with the public, there is one preparation that has probably been more successful in relieving and curing these diseases than any remedy known. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of cures.

We find that Swamp-Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—fifty cents and one dollar. However, if you wish first to test its wonderful merits, send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle, absolutely free. When writing be sure and mention The Oakland Tribune.

23-TON TRUSS FOR NEW CITY HALL

Big Steel Support Has a Hard Journey From Judson Iron Works.

(Continued From Page 1.)

pany in the erection of the steel, supervised the raising of the massive truss this morning. It was swung into place without mishap, although there was grave difficulty in handling the big piece of steel with the tall derrick and hoisting engine on the city hall work.

The truss placed this morning is but a small piece of steel in comparison to the one now being fabricated at the Judson works. This will weigh over 90 tons, and will be the largest single truss ever used in a building on the Pacific coast, and one of the largest ever used in structural steel work on a building. Heavier trusses have been used in bridge building, but this will be the largest used in a building.

The big truss will be brought to the city hall by heavy machinery in four pieces and riveted on the job. When he brings the steel a small wrecking truck will accompany the main truck to guard against accident. The big truss will arrive in about two weeks.

PRESIDENT TAFT URGES GOVERNMENTAL ECONOMY

Would Include Many Officials in Classified Service, Removing Patronage

(Continued From Page 1)

than \$30,000,000, undoubtedly if the postoffices of these offices were embraced in the classified service the annual saving would eventually represent many millions of dollars. The saving in salaries alone, not taking into account any saving due to increased efficiency of operation, would amount to about \$4,500,000. In the case of postmasters at offices of the third class, a large annual saving could be made.

The message stated that nearly \$2,000 could be saved annually by placing the pensions agent in the classified service. "Greater economy and efficiency would result from the abolition of the pension agency," the message added, "and from the adoption of a plan in accordance with which pensions would be paid by the pension officers in Washington."

The message stated that the field service of the greater land office could be more efficiently and economically operated if it were provided by law that the office of receiver of district land offices be abolished and the duties transferred to the register, assisted by a bonded clerk, and the register placed in the classified service.

It has been estimated that the adoption of this plan would cause an annual saving of \$200,000, according to the message.

DIRECT AND INDIRECT.

A direct saving in salaries and an indirect economy through increased efficiency would follow the transfer of the internal revenue and customs and excise political appointees, to the classified service, the President said in the message.

"In the other field services the saving which would result from the classification of the local offices under the classified service is not as marked or probably as capable of exact estimation as in those mentioned, but there is no doubt that substantial savings would follow. It is not to be doubted that where no saving would result the classification of the local offices would increase the efficiency of the service. It would be desirable also to place all marshals, deputy marshals and assistant attorneys in the classified service, although but little direct economy would result. Supervising inspectors in the steamboat inspection service and the members of the field service in the bureau of fisheries should be placed in the classified service.

"The report on methods of appointment submitted to me by the commission which covers fully the subject of appointments by the President, by and with the advice and consent of the Senate, and recommends that various local officers, such as postmasters, collectors of internal revenue, etc., and heads of bureaus in the departmental service be included in the classified service, is transmitted herewith. The report and recommendations are approved by me.

"In the interest of an efficient and economical administration of the vast business of the government I urge the

necessity for the inauguration of this important reform and recommend that the necessary amendments be made to the laws governing appointments such amendments to take effect not later than July 1, 1913, so that there may be secured to the people the benefits to be derived from a conduct of their officers, selected on the merit basis and devoting their time and talents solely to the duties of their office."

The President expressed his concurrence in the commission's recommendations that the maintenance and operation of life saving stations in the country may be one of the duties of the bureau of lighthouses of the department of commerce and labor. The commission estimates that a direct economy will be secured of at least \$100,000 annually and that the saving will greatly exceed that sum after the first year.

The message stated that the commission, after a detailed investigation, concluded that all the duties now being performed by the revenue cutter service could be performed with equal efficiency and great economy by other services and adds:

WOULD ABOLISH SERVICE.

"The commission accordingly recommends that the service be abolished as a distinct organization, that its equipment be distributed among other services requiring the use of marine craft, and that provision be made for the performance of the work now being done by it by such other services."

The President stated that he was in full accord with the commission's recommendations regarding this service and recommended "that the necessary action be enacted to put them into effect. In this recommendation the revenue cutter service be abolished I desire to make it plain that such action does not carry with it the discontinuance of rendering of any valuable and proper service now being rendered by that organization. On the contrary I am persuaded that all such services will continue to be performed under the system recommended by me with equal or greater efficiency."

"The report upon the organization and methods of work of the accounting offices of the treasury recommends that the officers of the six auditors be consolidated into one auditor and that the auditors of customs offices located at the principal ports, and known as naval officers, be made assistants to the auditors. This, the message states, would increase the efficiency of the treasury audit and save at least \$200,000 annually.

"TRAVEL EXPENDITURES." Referring to "travel" expenditures of government officers and employees, the commission reported, according to the message, that all allowances in the form of mileage should be discontinued and that the actual cost of transportation be paid, that in lieu of payment of actual cost of other expenses, commonly known as subsistence, which would include lodging, scale of per diem allowances be established by the President for the several classes of officers and employees. The President in his message approved the commission's report.

"Continuing, the message stated that 'attention is called to the report of the commission transmitted to Congress with my message of February 5 on the centralization of distribution of government publications, recommending this recommendation it is conservatively estimated \$242,000 can be saved.'"

In conclusion the President, referring to the recommendations and recommendations of the commission, said: "Again I urge upon Congress the desirability of providing whatever funds can be used effectively to carry forward with all possible vigor the work now well begun. The \$200,000 required for prosecution of the inquiry during the ensuing year and the \$50,000 estimated for the publication of the results, are inconsiderable in comparison with the economies which can be realized."

FLOOD'S DAMAGE REACHES MILLIONS

Thousands Rendered Homeless and Government Rushes Aid.

(Continued From Page 1)

Just north of Cairo and comprises about 9000 acres of ground, on which are manufacturing plants and lumber yards.

Future City, a negro settlement, in the flooded district has a population of more than a thousand. Urban-dale with a white population of about a hundred had many well built homes. No loss of life is reported.

Many of the people in the district saved their personal property, as they had been warned in time. The city of Cairo proper is protected from the flooded district by a system of cross levees and the big force of men who have been thrown around the Cairo levee. This body of men is raising and strengthening the levees so that they will be safe against any stage of flood.

The gauge this morning registered 52.9 feet, the same as last night. This made a rise of 2 feet in twenty-four hours.

FIGHT IS COMING.

MEMPHIS, April 4.—While showing the effects of the flood all the main line levees in Arkansas Tennessee and Mississippi today are reported intact, but it is conceded that a hard fight must be made, especially in the upper St. Francis district, to save the embankments.

The Tennessee levee west of Hickman, Ky., which protects the Reelfoot Lake region, is crumbling to some extent and the water is washing the crest but it is thought the levee can be saved.

At Star Landing, in Arkansas, opposite Lake Cormorant, Miss., the levee is caving near the top of the levee and government forces are being concentrated at that point. South of Memphis, the flood has not reached the acute stage.

In Memphis the flooded areas in the northern section of the city are increasing. Organized relief for those driven from their homes or thrown out of employment was taken up today.

PREDICT FURTHER RISE.

ST. LOUIS, April 4.—The Mississippi river registered 30.4 feet here today, a rise of 8 feet in 24 hours. It is predicted that the river will go to 31 feet by tonight.

From Hannibal, where the gauge stood at 18.5 feet today, a rise of 1.3 feet in 24 hours to 19.8 feet. The river is rising rapidly and has spread over the lowlands. No greater property damage has been done. The Missouri river is reported to be falling slowly.

ABOVE RECORD MARK.

WASHINGTON, April 4.—With the Mississippi at Memphis three feet above the high record mark and at Cairo 1.7 feet above the highest previous mark, weather bureau officials were unable to predict today any cessation in the flood below Cairo. The river at Cairo stood at 53.9 feet, a rise of two-tenths since yesterday. The previous high record was 52.2 feet made in 1882. At Memphis stage was 44.2 feet, a rise of .3. The previous record was 40.3. At Vicksburg the river stood at 47 feet, a rise of .6.

President Taft directed the quarter-master general's department to furnish rationals to flood sufferers. He has promised Senator-Elect James and Representative Russell of Missouri to do anything in his power to aid those made homeless.

A resolution is now before the House committee on appropriations which would place \$250,000 at the president's disposal for this purpose.

BUSINESS AT STANDSTILL.

NEW MADRID, Mo., April 4.—Business has been at a standstill here since Sunday because of the unprecedented flood. The two railroads into New Madrid have not moved a train since Sunday.

Mayor Conrad telegraphed Congressmen House and Senate that government aid is needed. One death, that of a negro, has been reported. Only one residence has escaped having its first floor flooded. On the streets the water is from 6 inches to 5 feet deep.

PASSENGER FLOOD STAGE.

CINCINNATI, April 4.—The Ohio river passed the flood stage here last night. This morning the gauge registered 50.6 feet, which was .6 of a foot above the flood mark. The weather forecaster predicted the river would reach 52 to 53 feet by tonight.

REFUGEES TO BE FED.

HICKMAN, Ky., April 4.—Flood refugees were cheered after an all-night vigil at the levees by the announcement that a train would reach Hickman this afternoon bringing food and clothing. The food situation this morning was serious. There are 3000 refugees here.

The city borrowed \$20 from a local bank to pay express charges on 200 government tents which arrived on the first train since the levee broke. These and the seventy tents furnished by the State were erected in the highlands today. They will relieve the congested condition of improvised sleeping quarters set up in churches, schoolhouses, halls and even barns.

Excepting those engaged in relief work, every able-bodied man has been impressed for service on the levee. A deputy sheriff rode through town today and ordered groups of idle negroes to the levee, threatening to shoot those who disobeyed.

Disaster confronts some of the merchants by reason of the loss of their goods. The loss of the contributory territory and the idleness of factory employees, who will be out of work for weeks.

\$200,000 TOTAL RENTAL OF BROADWAY CORNER

Cigar Co. Leases Macdonough Store; Building to Be Remodeled

The Layman Real Estate Co., reports today the closing of a large leasing transaction on the corner of Fourteenth and Broadway for William G. Henshaw, the owner, to the United Cigar Stores Co., lessee. The lease is for a period of ten years and covers a space 35x55 feet in the northwest corner of the Macdonough building, at a monthly rental of \$15.00, making a total rental for the term of the lease of about \$200,000. This lease stands out as one of the largest transactions made by any Oakland agent and sets a high water mark of Broadway rentals at \$40 per front foot. It is also a marked indication of the strengthening of rental values on the east side of Broadway. This lease means much to the corner of Fourteenth and Broadway, as it calls for the complete remodeling of the leased premises, as reported in yesterday's TRIBUNE.

The present brick wall on the Fourteenth street side is to be torn out and the rounded corner is to be squared and modern bronze and verd antique marble store fronts will be installed on both the Fourteenth and Broadway frontages. The present stairway into the basement, which for years has been an eyesore, is to be removed and the basement entrance is to be by way of a magnificent lobby and stairway located immediately west of the Macdonough theater entrance.

Plans for an elegant cafe in the basement have already arrived from New York and come by Thomas Ergens, famed as the designer of "Murray's" at Forty-second street and Broadway in that city. The ground floor plan calls for two stores on Broadway and another on Fourteenth street, besides the corner store to be used by the lessee. All of these stores have already been leased.

The cigar company lease was negotiated by Herman Rittigstein, leasing manager of Layman Real Estate company, who represented all parties to the deal.

BERKELEY GIRL IS REPORTED MISSING

15-Year-Old Violet Orendorff Goes for Walk and Fails to Return.

Miss Violet Orendorff, a 15-year-old girl whose parents reside at 1412 Cornell avenue, Berkeley, has been missing since 5 o'clock last night and her family is making frantic efforts to find her. The girl has been missing for a month, with her sister, Miss Ethel Orendorff, at 776 Golden Gate avenue, San Francisco. Yesterday the two daughters went to Berkeley to visit their mother, and in the afternoon Violet went out for a walk and failed to return. Her sister Ethel called for her having intended that they should both go back to San Francisco last night. The family immediately instituted a search and learned that the girl had been last seen leaving her home at 10 o'clock last night. A search was made today in the Oakland area, but no trace of the missing girl was found.

INSANITY TO BE PLEA OF SLAYER

Trial of Stockton Man Who Killed Wife's Affinity to Be Sensational.

STOCKTON, April 4.—Temporary insanity will be the defense of Harry Ashland, the Avenue farmer who on December 31 last, shot and killed John Goffield, a government squirrel inspector, in this city. The trial will last probably two weeks, the securing of a jury requiring at least four days. Sensational testimony will be adduced by both sides. The homicide followed an alleged confession by Mrs. Ashland that she had been unduly intimate with Goffield. She is said to have made the confession in a letter to her husband who was in San Francisco at the time trying to earn sufficient money to pay off a mortgage on his ranch. Immediately on receipt of the letter he came to Stockton, went to the residence of Goffield and shot him to death on the front porch. There is widespread interest in the case.

CASCARETS CLEANSE LIVER AND BOWELS

No Biliousness, Headache, Sick
Sour Stomach, Indigestion,
Coated Tongue or Consti-
pation.

Furred Tongue, Bad Taste, Indiges-
tion, Sallow Skin and Miserable Head-
aches come from a torpid liver and
clogged bowels, which cause your
stomach to become filled with undig-
ested food, which sours and ferments
like garbage in a still barrel. That's
the first step to untold misery—indig-
estion, foul gases, bad breath, yellow
skin, mental fears, everything that is
horrible and nauseating. A Cascaret
tonight will give you a thorough
cleansing inside and straighten you
out by morning. They work while
you sleep—in 10-cent box from your
druggist will keep you feeling good
for months. Millions of men and women
take a Cascaret now and then to
keep their stomach, liver and bowels
regulated, and never know a miser-
able moment. Don't forget the child-
ren—their little insides need a good,
gentle, cleansing, too.

'WORKERS' ROUTED BY ARMED POSSE

San Diego Force Take 100
Men From Train and Turn
Them Back.

SAN ONOFRE, Cal., April 4.—Holding up a freight train bound for
San Diego, a posse of deputy con-
stables from that city, forty-five in
all, routed from the cars nearly 100
members of the Industrial Workers of
the World, who had taken possession
of the train at Santa Ana, herded
them into a nearby corral and this
morning started them northward along
the Santa Fe track to Los Angeles or
wherever they choose to go.
The posse, heavily armed, left San
Diego yesterday afternoon at 3 o'clock
and reached this place an hour or
two later. San Onofre is on the coun-
ty line and the party waited until the
freight train arrived, flagged it, and
then proceeded to take every Indus-
trial Worker out of the train.
This morning early the northward
move of the "army" was ordered by
the San Diego posse and was suddenly
checked by the Industrial Worker
members.

CLASH FEARED.

SEATTLE, April 4.—Construction
work on the Canadian Northern rail-
way across British Columbia was at
a standstill today, the contractors hav-
ing made no arrangements for opera-
tions since the men under the leader-
ship of Industrial Workers of the
World walked out eight days ago.
The men are endeavoring to include
the Grand Trunk Pacific in the tie-up
and the contractors have been com-
pelled to appeal to the provin-
cial government for police protec-
tion for their camps and supplies.
A clash between Industrial Workers
and non-union men is feared at Van-
couver, where the men from the
construction camps are headed
toward that place.

In southwestern Washington, where
the I. W. W. forced tied up a number
of lumber mills for a time, there have
been no disorders for some days and
the mills are working with small
forces.

At Hoquiam the activity of a citi-
zen committee, which intervened to
prevent the strikers from interfering
with the men at work, has brought on
a municipal row. With Mayor Harry
Ferguson, supporting the strikers,
and the citizens' committee, a mass
meeting was demanded at a mass
meeting held last night.

While many of the strikers have
come to this city or gone to Tacoma,
there is no present indication of
spread of the trouble in this direction.

Automobilists Become 'Chesty,' Says Tailor

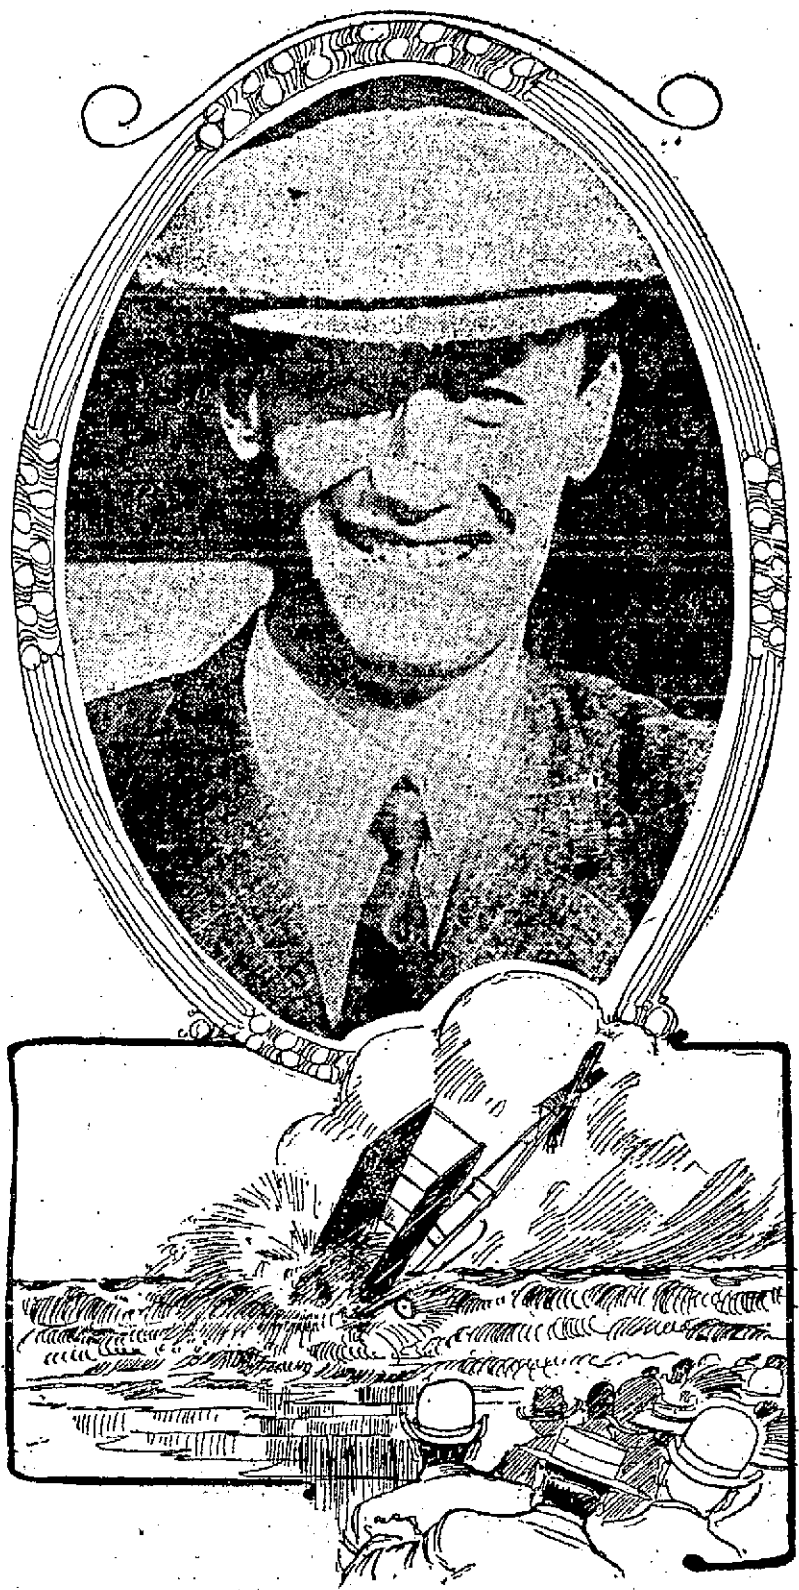

Measurement Increases at Rate
of Inch Every Two Years, Due
to Deep Breathing.

NEW YORK, April 4.—A fifth
avenue tailor after observing for
years those of his customers who ride
daily in automobiles, has come to the
conclusion that automobile riding de-
velops the chest. The chest measure-
ment of the average man, he declares
usually increases at the rate of an
inch every two years after he begins
to ride in motor cars regularly. The
tailor thinks the increased develop-
ment is due to the deep inhalations
taken while auto-driving.

TRENTON, N. J., April 4.—Speaker
Champ Clark, in a letter received by
secretary of State Crater, withdraws
his name from use on the ballot in
the New Jersey primary election to
choose delegates to the Democratic
national convention. Clark does not
give any reason for his action, but it
is believed his move was taken as a
courtesy to Governor Wilson.

HUNDREDS WITNESS FATAL FALL AVIATOR ROGERS IS KILLED

CALBRAITH ROGERS, the aviator, who fell to his death in the
ocean at Long Beach.

Neck Broken When the Birdman Crashes Into Shallow Water at Long Beach

LOS ANGELES, April 4.—Calbraith P.
Rogers, the daring young aviator who
blazed an air lane from New York to
Los Angeles in competition for a \$50,000
prize offered by William Randolph Hearst,
is dead.

Within a few feet of where the in-
triguing aviator's aeroplane
crashed into the Pacific at Long Beach,
at the end of his historic transcontinental
flight, Rogers met a tragic death
shortly after 3 o'clock yesterday after-
noon.

His death came as a sad ending to
an afternoon flight in the aeroplane in
which he had won the endurance con-
test recently at Chicago. At the place
where his body was disentangled from
the crashed machine the residents of
Long Beach had planned to erect a
monument to him.

At least a thousand men and women
witnessed the end from the Strand and
the amusement resorts of the beach.
Heardly one of them realized that the
aviator was in danger until after his
machine had struck the shallow water
with such force that the neck and the
backbone of the flyer were broken.

FEARED FOR HIS SAFETY.

Just a second before Rogers was life-
less he was gliding rapidly toward the
Strand. A few experienced aviators then
feared for his safety, but the spectators
looked on unaware that he was on his
last flight.

When within 50 feet of the water he
was seen to cover his face and operate
the control of his machine and then
within an instant came the splash and
the end.

It happened with such suddenness that
even now there is only conjecture as to
what happened and how. Rogers was
at the time Rogers' aeroplane struck
the knee-deep water, sixty feet from
the shore, his engine was running. When
the life guards and citizens rushed to
his aid the machine was still pulsating.
But when it was disconnected from the
wreckage one of the terminals connecting
with the spark was disconnected, disab-
ling one of the four cylinders.

Several mechanics state their belief
that the engine was defective because of
this disconnected terminal.

On the afternoon flight several noted

the peculiar hollow sound of the engine.
Edmund E. Allen, president of the Al-
uminum Casting Company of Cleveland,
who was waiting to be taken for a
flight by Rogers, commented upon the
sound of the engine.

Others at the amusement resorts and
at the Hotel Virginia also made this
comment when Rogers flew by them
shortly after 3 o'clock.

WAS IN HAPPY HUMOR.

Before starting on the trip which
ended with his death Rogers was in a
particularly optimistic humor. He
talked business with Earl Dougherty a
half hour before the start was made and
practically concluded arrangements for
selling an aeroplane.

Early in the afternoon he asked Miss
Mabel White, who won the prize for
selling a ticket for a benefit given to
aviator Frank Chapman, to accom-
pany him on the first flight. The
young woman was unable to leave her
home and so was forced to decline the
offer.

As Rogers, aided by Mechanician
Frank Shaffer and his assistant, C. L.
Wickens, prepared the E model ma-
chine for flight they kept up a banter
with Allen. At the aeroplane ship near
Dougherty's home the machine was care-
fully oiled. Rogers inspected the en-
gines himself and just as he started to
fly he lit a cigar.

JUST GRAZES THE TOWER.

He casually mentioned that he would
be back within a few minutes and started
east toward the amusement pier.
He was flying low at first and easily
glided over the pier. He then started
toward the coaster pier and at the
junction he frightened his intimate
friends. He just grazed the tower and
then turned rapidly toward the bath-
house and the tennis court at the Vir-
ginia Hotel.

Only one fact, that Rogers was mak-
ing a simple dip and could not elevate
his machine when he tried to, is known.
The body of Rogers will be taken to
Bennington, Vt., the home of his widow's
parents, for burial. Mrs. Rogers will
start East with her husband's body to-
morrow.

New York to Spend Million Dollars on Easter Flowers

NEW YORK, April 4.—Estimates
prepared by the Wholesale Florists'
Association here show that New York
city will spend fully \$1,000,000 on
Eastern flowers within the next few
days. Four million violets will be

sold costing \$250,000; lilies will fetch
a total of \$200,000; gardenias, with
their delicate perfume and waxlike
flower, will cost \$50,000 and \$500,000
more will go for roses, carnations and
various noted plants.

ERRING COUPLE TO BE DEPORTED

Schippman and Alleged Affin-
ity Are Taken to Angel
Island.

SAN FRANCISCO, April 4.—Lottie and
Leon L. Schippman, who were followed
to this country from Germany by Mrs.
Ernestine Schippman, who claims to be
the real wife of Schippman, of the Ger-
man and Austrian Import Company, were
taken from their homes this morning on
a warrant from Washington, and are to
be deported to Germany.

Leon Schippman, with the woman who
posed as his wife, had been living at
2002 Post street, and it was not until
the alleged real wife arrived here with
her two daughters to prosecute him for
a statutory offense, that the government's
attention was attracted to the case. Dis-
trict Attorney Flicker has been waiting
for the Washington authorities to act and
today the warrants arrived. The couple
were arrested shortly after day-break
huddled into a cab and hurried on board
the steamer General Slocum.

They were then taken to the Immigra-
tion Station at Angel Island, and it is
understood that they will be immediately
deported. Schippman is a wealthy mer-
chant and very prominent in the Father-
land.

Coffin Kills Palpbearer; Is His Death Accidental?

SAN FRANCISCO, April 4.—Wheth-
er a palpbearer, who was fatally
crushed beneath the coffin at a fu-
neral service, died accidentally with-
in the meaning of the terms of an
insurance policy, is the question to
be solved by the superior court here
in a suit filed today. The suit was
brought by Mrs. Rose Rock, widow
of Joseph F. Rock, who died
shortly after he had been crushed
beneath the falling coffin of his friend,
James Murphy, June 3 last.

Three Killed and 18 Hurt As Train Hits Street Car

CHICAGO, April 4.—Three persons, including a woman and her 1-year-

REV. TRIVETT TO QUIT MINISTRY

Rector of Church of the Ad-
vent Applies to Bishop for
Deposition.

Rev. Jerome K. Trivett, rector of the
Church of the Advent of East Oakland,
has applied to Bishop William Ford
Nichols for a deposition. The clergy-
man's resignation from the ministerial
world will be accepted by the bishop,
according to a letter now in the possession
of the Rev. Trivett.

During the last six years Dr. Trivett
has led the spiritual activities in the
East Oakland parish, which is one of
the most fashionable congregations on
this side of the bay. In the early part
of the year he tendered his resignation
to the vestrymen, but it was not accept-
ed until recently. The pulpit has been
served by Rev. Mr. Prescott of Wash-
ington, who is here upon a vacation trip.
The Rev. Mr. Trivett has not stated his
plans for the future. Prior to accepting
the pastorate of the Church of the Ad-
vent he was superintendent of St. Luke's
hospital of San Francisco for fourteen
months.

SAILOR CARRIES TYPHOID GERMS

H. Oisen Held Responsible for
Officials for 26 Cases of
Fever.

SACRAMENTO, April 4.—The first re-
port from investigations ordered by the
State Board of Health upon the matter
of disease carriers, was received today by
Dr. W. F. Snow, secretary of the board.
Declaring that a sailor, H. Oisen, had
been proven to be a typhoid fever car-
rier and was directly responsible for 26
cases of typhoid fever on the coast line
steamships and three cases where death
resulted from the disease.
The investigation will be extended, it is
announced, to determine what extent
steamships and railroads distribute dis-
eases.

FOUND CRAWLING ON ROAD; DIES IN HOSPITAL

Carl Mackson, foreman of a grading
gang, at work in Moraga valley, main-
tained a posture on his hands and knees
for two days unable to eat, stand up
or lie down. He was found crawling
along the roadway by Thomas Mackie of
417 Seventh street, and taken to the re-
ceiving hospital in a passing automobile
yesterday afternoon.
Last night an operation was per-
formed by Dr. O. D. Hamlin, Doctors
Smith, Reine, Irwin and Steward Platt.
It was found that the patient was suf-
fering from acute gastro-peritonitis and
he did not rally, dying at 1 o'clock this
morning. Little was learned of the de-
ceased's ailments except that his home
is in Auburn.

Major Lee, Civil War Veteran, Dies

LOS ANGELES, April 4.—Major T.
E. Lee, Civil War veteran and for
years a prominent attorney of Cal-
ifornia, is dead today at his home
here following an attack of pneu-
monia. He was president of the public
service commission of Los Angeles at
the time of his death. Major Lee was
born in New York state 71 years ago
and came to California in 1877. He
became United States commissioner
soon after his arrival in Los Angeles
and held the appointment until the
naming of the first federal judge here.
A widow, two daughters and a son

MAY ROBSON, IN
SPLENDID PLAYS,
CHARMS OAKLAND

MISS FAYE CUSICK

Friends that were made seasons ago, when May Robson first gave "The Revival of Aunt Mary" to the American audience, rallied at the Macdonough last night for its next to the last presentation here. Inoculated long ago with the serums of happiness and youth, the comedy is as fresh and joyous as ever it was. May Robson, still the lovable Aunt Mary, would seem to enjoy making others laugh almost as well as she likes to giggle herself. Careful ever of keeping pathos on this side of the line, bounding pathos and of being funny, without being foolish, the actress gives a remarkable exhibition of artistic tact. Aunt Mary is one of the best sustained characters the American stage has produced in a decade or more. Which is to say, that Miss Robson has achieved a thing the history of the stage will recount. With Miss Robson are many members of the cast who have helped her make a reputation for the Revival of Aunt Mary. Jack Watkins is Jack Denham Jr. and Faye Cusick is a charming Betty Bennett. Aunt Mary will laugh for Oakland again at Saturday's matinee. Tonight and for the rest of the week, "A Night Out" will be the bill. Miss Robson's new starring vehicle is a comedy in three acts. While it is rather broad at times, it is singularly human and enjoyable, and it is a credit to the actress, in addition to giving the star several opportunities to prove herself a capable actress. The Eastern tour which she will close Miss Robson's engagement in Oakland.

FAIRBANKS URGES VOTES FOR WOMEN

INDIANAPOLIS, April 4.—"Where women have obtained the right to vote they have exercised their privilege with as much wisdom and with as sincere a desire to advance the general good as men have manifested," said Charles W. PORTER EJECTS DANCE HALL PATRON; STABBED

SAN FRANCISCO, April 4.—Alfred Blanchard, a porter for the California Dance Hall, 124 Montgomery street, was severely but not fatally stabbed while ejecting a patron at 1 o'clock this morning. The assailant was called upon to quit a disturbance and seized hold of Frank Dias, a waiter, and catching him by the shoulders, rushed him out of the place. When the sidewalk was reached, Dias, it is alleged, drew a knife and stabbed Blanchard in the middle of the back. Police were called and Dias was arrested. Dias was charged with assault on the Central station with assault to murder. Blanchard was taken to the hospital and removed to his home at 411 Davis street.

WALL STREET PREDICTS FUTURE FOR PRODIGY

NEW YORK, April 4.—The election of Bernard M. Baruch to the Wall Street board is believed by Wall Street to mark the beginning of a new railroad career that will rival that of E. H. Harriman. He has been a remarkable success as an operator in the stock market and has no doubt his campaign as to keep the good will of all interested. He is young and rich and made his own fortune.

The Effects of Opiates.
THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells, which are liable to become permanent, causing abnormality, mental depression, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of sleeping powers are a result of doing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly condemned, and the druggists should not be too ready to supply them. Children who are ill need the attention of a physician, and it is nothing less than a crime to keep them with opiates.

Cocaine contains no narcotics if it bears the signature of Chas. H. Fletcher. Genuine Cocaine always bears the signature of Chas. H. Fletcher.

Chicago Pastor Claims Record for Marriages That Proved Happy.

CHICAGO, April 4.—Rev. Herman Lindstrom of the St. Agnes Swedish Episcopal Church, who on Sunday will celebrate his fiftieth anniversary of his pastorate, claims a record in the number of couples married, whereas the matches have proved happy. Out of 4607 marriages at which he officiated, only two couples, he says, have been divorced. St. Agnes Church maintains a record as the "Jenny Lind Church" because of a large donation made to it by the famous Swedish singer.

FIVE-CENT POINT GAME RUNS INTO MILLIONS

LONDON, April 4.—There was a curious incident on the eastward trip of the liner Olympic. Two Americans, an Australian and an Englishman, who were not divorced, were playing bridge whilst, on a point, they played freely, calling on light hands and doubling the stakes on the smallest justification. The Englishman made a heart call, which was promptly doubled by his Australian opponent. The Englishman doubled. This was repeated eighteen times. The game was played through, and the heart caller lost the odd trick. When the points were calculated, it was found they multiplied to 2,097,152, and that each trick was worth more than \$1,000,000. The losers said this was absurd and that nobody would play such a game. It was eventually agreed that the losers should each pay \$500 for the odd trick.

GETS-IT For Corns Really a Wonder

New Way, Painless, Safe and Sure.

"Give Them GETS-IT With 'Get Any Corn'!"
The new kind of corn cure; the only sure kind; the only easy, safe, painless kind is here. It's what corn-patched people have been looking for ever since the age of Ahoos. Does it really do the work? Well, just one trial will prove it.

"GETS-IT" because it gets it. You don't have to wrap your toes in bandages. There are no acids, no salves, no irritants. "GETS-IT" will never, absolutely, can't hurt or make the true flesh sore, as many other corn cures do. If it gets on the skin, it won't, can't hurt or injure the flesh. Apply it in two seconds. It's guaranteed, or your money is refunded. You must get "GETS-IT" in its own bottle, or direct if you wish. From E. Lawrence & Co., Chicago. Sold in Oakland, by the Owl Drug Co.

—to the man who wants a home for less than 2,500 dollars

"I can buy all the homes I want for three thousand or thirty-five hundred dollars," said a young business man to the writer yesterday afternoon, "and on terms within my means, as far as that is concerned, but I can't afford to tie up over \$2250 or \$2500 in a house and lot and am up against it to find a suitable proposition."

And then he went on to tell how he and his wife expected to plant flowers and arrange little winding walks and homemade tub plants and flower boxes and pretty curtains, etc., until his enthusiasm almost got the better of him.

"Why," he said, "it's worth a thousand dollars to put in the work we plan for our little home, and I feel that there ought to be some tract in Oakland where a young couple with ideas can buy a lot for five or six or seven hundred dollars and put up a cottage for sixteen or eighteen hundred dollars and make something out of their ideas. We young men have to count every penny, and it means a whole lot to save a thousand or twelve hundred dollars."

Then the writer showed him the picture above, and he exclaimed: "That's it—that's the sort of a place my wife and I are looking for—where we can grow flowers and live in the sunshine. How did you happen to have a picture so appropriate?"

"Old chap," we answered, "we had that picture made because it depicted exactly what you, as well as THOUSANDS OF OTHERS, are looking for—viz: A cozy home costing less than \$2500 for the house and lot."

And then we unfolded to him our plans for that beautiful little subdivision near Mills College called the Fremont Tract, where \$500 or \$600 buys a fine 35-foot lot completely im-

proved, and where just such a man as he could erect a little cottage, on terms, for \$1600 or \$1800 or \$2000, and not only have a delightful little home, but a mighty good investment as well.

We told him about the three car lines that ran close to the property—about the easy terms of 10 per cent down—about the 70-ft. boulevard—and the Key Route line projected through the property, with a station contemplated in the neighborhood. We told him about the low water rate and the beautiful view and the fine street work, and he said:

"By Jove, old man, it's just what I want—show me to it."

And we did.

And tomorrow we are going to take his little wife out.

And if she likes it they are going to buy a \$600 lot by paying \$60 down and \$10 a month.

And next July, so he says, they will start their cottage and by September they'll be in their own home.

And he was only one of many.

Now, then, Mr. Reader, what about YOU?

Don't jump to the conclusion that "it's only real estate talk."

Investigate a little!

The Realty Syndicate is a mighty responsible concern, and when we say we have a certain proposition which you know you and your wife WANT, then in justice to yourself you should at least call at the office and ask "to be shown."

Autos leave for the tract from the office every twenty minutes, beginning tomorrow.

If you can't come, then send in your wife. It's well worth investigating—we promise you that.

JUDGES DISAGREE ON AUTO LAW

Willis Upholds the Regulation Regarding Chauffeurs Aiding Injured.

LOS ANGELES, April 4.—The constitutionality of the law making a felony for an automobile driver to fail to render assistance to a person injured by his car upheld yesterday by Judge Frank R. Willis in the superior court.

The defendant in the case was C. B. Zundorf, who was charged with having run down a woman. The ruling created interest because of the fact that recently Judge Bledsoe of the superior court of San Bernardino county ruled to the contrary in a similar case.

HENEY SAYS COLONEL WILL NOT STUMP STATE

SACRAMENTO, April 4.—Colonel Theodore Roosevelt is not likely to extend his presidential campaign to California, according to the statement made by Francis J. Heney, who arrived from the east yesterday and held a conference with Governor Johnson and Chester H. Rowell. The progressive Republicans have urged Roosevelt to come to California, but Heney says that no definite answer has been received. He personally believes, however, that the colonel will be unable to accept the invitation.

"Roosevelt would like very much to come, and we still hope that he will be able to do so," said Heney. "However, I personally believe that he will be unable to accept the invitation of the California progressives, on account of the loss of time it would require in making the trip."

TENNESSEANS PAY LAST TRIBUTE TO DEAD SENATOR

NASHVILLE, April 4.—The people of western and middle Tennessee paid their final tribute today to the memory of "Fiddling" Bob—Senator Robert Love Taylor. Through the hall of the House in the state capitol thousands of persons walked past the body of the senator, who succumbed in Washington Sunday.

SHANGHAI POLICE CHIEF ON 30,000-MILE JAUNT

PORTLAND, Maine, April 4.—On a 30,000 mile globe-grinding trip Peter McIntosh, the English chief of police of Shanghai, China, is speeding today from Boston to Vancouver, where he will board a steamship for the Orient. He completed the first half of his trip when he reached Boston, having left Shanghai 21 days before. He expects to be back at his starting point in another 31 days. He is making the trip partly for pleasure and partly on business.

SACRAMENTO'S POTTERS' FIELD THING OF PAST

SACRAMENTO, April 4.—Strenuous opposition having arisen to the burial of county indigent first in the potter's field, on the County Hospital grounds, and second in the City Cemetery, the city board of health has turned to cremation as the last means of disposal of the bodies. The county was given permission to bury the paupers in the City Cemetery, but this had barely been done when a storm of protest came from those already holding lots in the cemetery, who declared the pauper graves would not be cared for and thus would ruin the cemetery.

Chickens AND Apples or Potatoes
They are all money-makers on our Santa Rosa farms. You can secure one of our small farms, and by paying a small amount take full possession. Plant it in potatoes, and it will pay for itself. On ten acres of our Santa Rosa land a profit of \$500 from potatoes is often realized.

One of California's choicest fruits, the Gravenstein apple, is grown in this fertile Santa Rosa valley. Many of the apple growers in this section are receiving annually a profit of 100 per cent on their original investment. The climate here is unusually favorable for the production of fine fruits and especially apples.

The soil is a sandy loam of rich sediment character and easily worked. Our farms are but ten minutes from Santa Rosa, in a settled community, good neighbors, school, church and stores nearby.

\$100 will start you on 5 acres. Join one of our Sunday excursions and see the Plymouth Poultry Farm. It is a wonderful sight. Over 10,000 hens.

Women's Secrets
There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that 95 per cent of all women treated by Dr. Pierce of his able staff, have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half a million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult or be lettered, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Roosevelt on the Tariff.

THE TRIBUNE is happy to agree with Colonel Roosevelt on occasion. With what he said about the tariff and tariff legislation at Albert Lea, Minnesota, we are in agreement on all essential points. It is in substantial agreement with the views on the same subject President Taft has expressed.

Colonel Roosevelt endorses the principle of protection, but says tariffs should be graded by non-partisan experts to cover the actual difference between the cost of production in this country and the cost of production in foreign countries, which is precisely the position taken by the President. Taft has repeatedly said the tariff should be taken out of the domain of partisan politics and treated purely as an economic question. He believes in protection to foster American industry, but not to create monopoly nor to provide exorbitant profits for manufacturers. In somewhat different language Roosevelt advances the same views:

"Very little improvement, indeed, will follow any attempt to revise the tariff by methods hitherto used. The thing to do is to change the methods. I believe that this country is fully committed to the principle of protection; but it is to protection as a principle; to protection primarily in the interest of the standard of living of the American workingman. I believe that when protection becomes, not a principle but a privilege or a preference—or rather, a jumble of privileges and preferences—then the American people disapprove of it. Now to correct the trouble it is necessary, in the first place, to get in mind clearly what we want. What we want is what I have already said—a square deal in the tariff as in everything else; a square deal for the wage earner; a square deal for the employer, and a square deal for the general public. To obtain it we must have a thoroughly efficient and well-equipped tariff commission."

This is the principle and the method President Taft has been advocating ever since he became President. He has urged that the tariff schedules shall be adjusted on protective lines, and be based upon the reports of experts who have made tariffs a study. So there is no substantial difference on this question between Taft and Roosevelt. Nor does Roosevelt charge that the President has not conscientiously lived up to this policy, which he further emphasized in these words:

"The tariff ought to be a material issue, and not a moral issue; but if, instead of a square deal, we get a crooked deal, then it becomes very emphatically a moral issue. What we desire in a tariff is such a measure of protection as will equalize the cost of production here and abroad; and as the cost of production is primarily labor cost, this means primarily a tariff sufficient to make up for the difference in labor cost here and abroad."

As a means toward the attainment of the end in view, we have as yet devised nothing in any way so effective as a tariff commission. There should be a commission of well-paid experts, men who should not represent any special interest or industry; who should be masters of their subjects; men of the very highest character who should approach the matter with absolute disregard of every outside consideration. I do not want to see these men of one party or of one trade or another; but experts, single-minded in finding out and telling the truth. These men should take up in succession each subject with which the tariff deals and investigate the conditions of production here and abroad; they should find out the facts and report to Congress on each subject as soon as the subject has been covered."

Holding to these views, Colonel Roosevelt might as well endorse the President's tariff policy, and seek some other ground for opposition. Of course attempts will be made to insert "bugs" in every tariff bill, but as President Taft has pointed out, the way to keep the "bugs" out is for Congress to have before it exhaustive reports made by competent experts when the schedules are being framed. Of course the President is a protectionist—he would not be a Republican otherwise—but he wants no more than will equalize the difference between the cost of labor and material in the United States and in foreign countries. That is the platform on which Taft stands, and it is a good platform on which any true Republican can stand.

The historical parallel between "Back from Elba" and "Back from Africa" is nearly complete.

Oakland has more beautiful residences—homes of moderate wealth—than any city of its size in the world. And the vast majority of these homes belong to the families who reside in them. Home means something in Oakland.

The first authentic report received from Captain Scott makes it clear that to Captain Amundsen belongs the honor of discovering the South Pole. On January 3 the gallant English explorer had got no farther south than 87 degrees and 32 minutes—about 150 miles short of his goal—after encountering many mishaps and hardships, and was contemplating passing another winter in the Antarctic region. This would indicate that he had given up reaching the pole this season, but would devote his attention between now and next autumn to making surveys and observations and collecting flora and fauna and geological specimens. The results of his expedition will have a far higher scientific value than Amundsen's but the latter will always be remembered as the first man to reach the South Pole.

American Interests in Mexico.

The rebel chiefs in Mexico were lieutenants of Madero in the insurrection against the Diaz government. They are now in arms against the government they helped set up. A manifesto has recently been issued stating that the Madero rebellion was financed by Wall street. To it is signed the names of several of the rebel leaders, headed by Pascual Orozco. General Orozco says the manifesto was issued "without authority," but the form of his denial is somewhat evasive. He does not deny the statements contained in the manifesto, although he does profess friendship for Americans.

The point is that the manifesto voices the feeling of hostility felt for foreigners—Americans in particular—by the lower orders of the Mexican population. It bodes ill for Americans and American interests if the rebels should gain the upper hand, which they are likely to do, and emphasizes the wisdom of the President in taking steps to protect the persons and property of citizens of the United States resident in Mexico.

Orozco has greatly injured his fame by forming an alliance with the bloody bandit, Zapata, whose rule in the State of Morelos has been a reign of murder and plunder. How any decent, patriotic man can join hands with such an unspeakable ruffian proves comprehension.

Zapata established a dictatorship in Morelos while the war against Diaz was in progress. He conducted a rebellion on his own account, and never acknowledged the authority of the Madero government—at least he never submitted to it. He was in open rebellion against Barra, who acted as president between the resignation of Diaz and the accession of Madero, and he was heading an

insurrection against Madero in a fortnight after Madero was inaugurated. He calls himself president of Morelos and claims to be wholly independent of the Federal government. He is simply a brigand of the Fra Diavolo type.

Zapata hates Americans, and Orozco is incensed because the United States government has not recognized the Mexican rebels as belligerents. He would probably go further in showing his hostility to Americans if he were not afraid of bringing upon himself the strong hand of Uncle Sam. Nevertheless, he is fanning the fires of race prejudice and hatred and encouraging his ignorant followers in the belief that he intends to drive all Americans out of the country and confiscate their property. He is therefore imperiling the peaceful relations which exist between the United States and Mexico and is a menace to international comity. Orozco's attitude justifies President Taft in taking every possible precaution to prevent this country becoming involved in the internecine strife now raging in Mexico.

The Bourbon editors who are berating William Randolph Hearst are absurdly inconsistent. They say his support is fatal to a candidate and that every knock he gives is a boost. Then they turn round and artlessly charge that he defeated Maguire, Lane and Bell by knocking them. But he did not knock Judge Maguire, and it is common knowledge that Maguire was defeated because of his single-tax theories and his attacks on the Papacy. Hearst vigorously supported James H. Budd in a year that was disastrous for the Democrats all over the country and the Democratic party was badly split in California, and Budd won. Budd was elected in 1894, the year of the big railroad strike and the smashing given the Cleveland administration. Maguire was defeated by well-understood causes despite the support of Hearst and the Examiner; but a single laudatory article in the Examiner would have elected Franklin K. Lane. The Examiner did not support Lane, but it did not knock him. It is nonsense to say that a man's support is deadly to those who receive it and that his knock is fatal to candidates who get knocked.

SCARCITY OF WATER PREDICTED

EDITOR TRIBUNE: In the matter of the Hetchy Hetchy water project, the present dry season fully shows the irreconcilable conflict between municipal use of this water and recognition of the prior rights of the irrigation districts. The irrigation districts are using this season, the entire drainage of the Toulumne basin, excepting the flow, which they are legally required to give to the riparian owners. Their reservoir, which was recently constructed by them, is empty, as there has been no surplus water to turn in to it. By June, they expect the streams to be about dry, and the farmers will be without water after that date. Thus the irrigation districts will be able to get this year, only about 50 per cent of the water they need, at present. And in the future, when their facilities for the use of the water they have located are fully developed, their consumption will be far greater than it is now.

As to the possibility of carrying the surplus of wet seasons over for dry ones, by storage, the figures of San Francisco are sufficient. They show in her brief on file at Washington, that her draft of 60,000,000 gallons a day will exhaust the Lake Eleanor reservoir in about seven months; and that the united storage of Lake Eleanor and Hetchy Hetchy will be exhausted in less than nine months, under the draft which San Francisco states will be required in fifty years time.

GEORGE EDWARDS.

NOT LIKE A SQUARE DEAL

At Portland on Saturday Mr. Roosevelt pushed his machine and utterance of President Taft several degrees further than in his Carnegie Hall speech. It is a performance of intellectually contemptible and morally quite shameful. Bryan at his worst was never capable of anything so low. What Mr. Taft had really done was merely to state the truth that in this country the people have to govern themselves through representatives. It is no more than Roosevelt himself has asserted in his Columbus speech, in which he said that the initiative and referendum, advocated by him, should not be used "to destroy representative government." But now he makes the President's statement of the same doctrine mean approval of "government by the bosses, by the men who represent the combination of politics and big business." And then he proceeds to declare that the President has in mind men like Senator Penrose and Senator Gallinger and Chairman Barnes as the really "representative part" of the people who ought to rule. It is not necessary to point out that the aid of all these men has in time past been gladly received by Theodore Roosevelt. Nor need we stop to remark that at this moment he is hand in glove with even more disreputable politicians and with rich men of whom he has been under indictment for illegally combining politics and big business. All this, it is needless to remark, is that the chivalrous Roosevelt, in his attack upon a sworn friend, has been guilty of a base perversion of that friend's language. This touches a depth of meanness and demagoguery which no presidential candidate ever before reached.—New York Evening Post.

Twenty Years Ago Today

The senior and sophomore football teams at the University held their annual contest this afternoon at the university campus. Salt and Mone of the '94 class were stars of the game. The "big team" has stopped training for the term.

The Oxford meetings at the First Congregational Church started today. They are under the direction of the Y. M. C. A. Professor North of the Pacific Theological Seminary was the speaker at Peralta Hall this afternoon, and Professor Mary S. Barnes, a new member of the faculty at Stanford University, also addressed the students at the academy. She spoke on "Historic Ideals of Womanhood."

The second chamber concert was given in the First Methodist Church this afternoon. Miss Minnie Sheldon entertained last night at a pleasant affair at her home, her birthday being the occasion for the festivities. Among those present were the following: August Dericks, Frank Lange, Dr. Corwin, Frank McCuen, Frank Kean, Miss Tillie Dorche, Miss Dollie Brown and Miss Kittle Bruce.

The first monthly reception of the Oakland camp of Woodmen was given last night at Masonic Hall. A large crowd attended the affair. J. W. Nelson was chairman of the evening, and an elaborate program was rendered. Among those taking part were Miss Maher, Miss Doherty, and Harry Athwater. Council Commander A. M. Barrett assisted in directing the affair.

The Oak Tree Social Club entertained at an elaborate dance last night at Cavalry Hall. The Fifth Regiment Band furnished the music. The committee in charge included J. E. Sutch, F. A. Starratt, J. A. Stutz, Lou St. Clair and J. R. Baker.

Pointed Paragraphs

A sinecure is a cure for many ills. Widows oft rush in where young girls fear to tread. It takes a man of originality to pose as a successful liar. The man who argues with his wife is one kind of an idiot. The more a trust magnate wants the less the other fellow gets. The most visionary thing about the average man is his estimate of himself. Outwardly most people are cheerful givers, but how about the feeling inside? A woman never thinks her husband so unreasonable as when he expects her to be reasonable.

It might be well for wives to remember that if a man doesn't find any sympathy at home there are other places. When a girl's head is covered with a golden halo instead of plain red hair, it's a sign the young man she is engaged to is describing it. The sun never shines for a man whose only joy is money. Nothing disappoints some women more than to find that a scandal isn't after all.—Chicago News.

JEERING AT THE RIGHTEOUS

For that matter, the holy rollers certainly are in a ridiculous plight in this State. It seems but yesterday that they were filling the air with ululations over the wickedness of everybody but themselves, or with symphonies composed to their own lofty virtues. And today they are apologizing, evading, excusing, and, at times, lying in a frantic effort to distract public attention from their political chicanery, their broken faith with the people and their treachery to the cause of righteousness. The poor little roller pack is on the run, each doggie in the firm belief that the can tied to his particular tail is going to get him. If he doesn't light out.

Where, oh, where are the berserkers of yesterday? Where in Hiram, the truculent tooter of his own trumpet? He's busy explaining. Where is Ho Lee Chet, that militant preacher of righteousness for revenue? Uncle Sam squalls, that ancient jobhunter? He's peddling explanations. Where is High-born, the appointed of the Lord, sent into the world to save it from the sins of Sacramento? God knows. Under the bed, maybe.

Truly, it has been a bad year for the holy ones. But cheer up, dearest and purest! Dear band of hope, sweet ring-around-a-job boys, holy angels of reform for revenue—oh, loved and lost cheer up—the worst is yet to come! Be patient. The primary is coming. And what a walloping you canting humbugs will get!—Stockton Mail.

SAY PROSECUTION IS CAUSED BY MALICE

LONDON, April 4.—Alfred H. Motley and Clark A. Miller, residents of New York, who have been carrying on a lithographic business in London since last June, were arrested today on charges of alleged larceny. They were arrested yesterday in London at the request of the New York police. The men say the prosecution is malicious, as they had taken action against the American patentees of a British special lithograph process, which was worth \$100,000 a year. They were released on bail until Saturday.

HARRIMAN SYSTEM HAS FULL COFFERS

NEW YORK, April 4.—A member of the executive committee of the Union and Southern Pacific said yesterday: "Neither the Union Pacific nor the Southern Pacific will any longer do any kind of financing for some time to come. There is plenty of money in the Harriman system treasury to provide for dividends for many months."

OAKLAND PEOPLE SHOULD TRY THIS

Wishart's drug store, Tenth and Washington streets, states that any one who has constipation, sour stomach or gas on the stomach should try simple buckthorn bark, glycerine, etc., as compounded in Adler's-Ka, the new German-Appendix remedy. 1911 PRICES TWO PER CENT HIGHER

Cost of Food Products Last Year Showed Increase Over 1910.

WASHINGTON, April 4.—Prices of food products increased 2 percent in 1911 over the previous year, although wholesale prices generally of 237 articles declined 1.7 percent. An investigation of the bureau of labor into wholesale prices announced today disclosed these facts.

There was a noticeable decline in prices of metals and implements. Wholesale prices in 1911 were only 0.2 percent below the high average of 1903, the year of highest prices within the period of 1880 to 1911. They were 15 percent higher than in 1900; 44.1 percent higher than in 1887.

Of the nine groups under which the 237 commodities are classified seven showing a decrease in price in 1911 as compared with 1910, the largest percent of decrease being in metals and implements, namely 1.7 percent.

Cloths and clothing decreased 2.3 percent, fuel and lighting 2.4 percent, farm products 1.8 percent, lumber and building materials 1.3 percent, house furnishings goods 4 percent, while the miscellaneous group decreased 1.4 percent.

The two groups in which the wholesale prices increased were food, etc., 2.0 percent and the drugs and chemicals 2.3 percent. The average wholesale price of raw commodities for 1911 were 1 percent higher than in 1910, while the average wholesale price of manufactured commodities for 1911 were 2.3 percent lower than for 1910.

CADETS TO GIVE ELABORATE BALL

Maple Hall to Be Scene of a "Military Hop" on April 17.

The members of Company N, first regiment, League of the Cross Cadets, are making elaborate arrangements for their military hop, to be held at Maple Hall, Fourteenth and Webster streets, Oakland, on Wednesday evening, April 17, 1912. Many new features will be introduced by the committee.

The Cadets will appear in full dress uniform, and a large number of the officers and members of the regiment from San Francisco will be in attendance, as well as members of other military organizations.

The affair is in charge of the following committee:

Lieutenant A. J. Silva, chairman; Sergeant C. Cronin, Sergeant J. J. Smith, Corporal D. W. Cronin, Corporal F. E. Sexton and Privates J. A. Bradley and P. H. Gilbert.

REPEAT THEIR QUARREL: REWED AFTER DIVORCE

Repentant of their quarrels after they had been granted a final decree of divorce, the salesman living at 59 Golden Gate avenue, San Francisco, and Blanche King, his former wife, appeared at the county clerk's office late yesterday and took out a license to remarry.

The ceremony was performed by Justice of the Peace Quinn. The couple had failed to have the decree set aside in the Washington courts, so they decided the best way to get around the difficulty was to have another ceremony performed.

Victoria J. Silva wants a divorce from her husband, Armando Silva. She says he has deserted her.

COURT DENIES MOTION IN CIVIL SERVICE SUIT

SPRINGFIELD, Ill., April 4.—The Illinois supreme court denied the motion today for a rehearing of the case involving the constitutionality of the state-wide civil service law, passed by the forty-seventh general assembly, which it decided last December in favor of the defenders of the statute.

The plaintiffs, clerks in the office of the secretary of state, sought to compel State Auditor McCullough to issue their salary warrants without the approval by the civil service commission.

HALF TON OF ALMONDS IS HAUL OF THIEVES

SAN FRANCISCO, April 4.—The warehouse of Rosenberg Brothers & Co., Branch street, was broken into by burglars last night and ten sacks of almonds, amounting to a half ton, were stolen. The thieves were seen by a watchman and the theft had evidently been carefully planned, as a door was forced and the sacks thrown on a wagon. The police of the Southern station are investigating.

LOCAL ORPHEUM TO HAVE FAMOUS HOBART PLAYLET

MISS GERTRUDE DUNLAP

Heralded as the best play ever seen in vaudeville, "Everywife," a symbolical drama in four scenes, by George V. Hobart Jr., will open at the Orpheum next Sunday afternoon, to present for Oakland multitudes the most-talked-of playlet in recent years. Only superlatives can be used fittingly in describing "Everywife," wherein human qualities and emotions are personified.

The characters in "Everywife" from Nobody, who is "blackface" and servant's garb, speaks a prologue for every scene to "Everywife," and "Everyhusband" run the scale of human qualities and desires, which make life complex for the ordinary young married couple.

The story is told in simple manner with humor and force, and one can well understand how the form of play which is an aptitude, modernized, held audiences spellbound in the long ago.

The first scene shows "Everywife" and "Everyhusband" at breakfast. "Happiness" is the maid waiting on table and the young couple are in a lovely pink atmosphere of the first month of married life.

"Rhyme" and "Reason" enter as a husband rises from the table. "Rhyme" urges him to take a day off while "Reason" warns him to attend to business.

When "Everywife" leaves the breakfast room to get him his hat and overcoat, "Rhyme" and "Reason" enter and "Rhyme" returns. An explanation, very naturally, is demanded.

"Rhyme" explains "Everyhusband" to tell the truth, but "Rhyme" advises him to lie. He does lie and "Everywife" sits down at the table and bursts into tears.

"Rhyme" and "Reason" enter and "Rhyme" enters and gives notice that she will depart at once.

MORE CHARGES BROUGHT AGAINST MORRIS JAMES

Recall Forces Nail Down Additional Planks in Their Platform

BERKELEY, April 4.—Meetings of the recall forces last night in four separate precincts developed further planks added to the platform of the recall forces.

The majority members of the school board for the superintendency, in the recall platform, Professor William Carey Jones, declared that James was among those who supported the charter sentiment.

James followed this with an account of the school board, and argument that has been used against Superintendent F. F. Bunker, the incumbent.

The meetings were held at 5611 Piedmont avenue, 2508 Mill street, 1329 Hopkins street and 1329 Shattuck avenue.

B. J. Bither, candidate for the council, and Mrs. Annie Little Barry and Samuel C. Haight candidates for the school board, were among the speakers, as well as the following: J. J. Truman, Arthur Mark, Eugene E. Nichols, Charles B. Marks and Fred G. Aitken.

Meanwhile the incumbents are not inactive. A mass meeting has been planned for Saturday evening at the Calhoun school auditorium in behalf of Mrs. Elinor Carlie, Herman I. Stern and John A. Willard, a number of speakers have been secured for the evening.

Mrs. Heister Harland has charge of the headquarters, which have been opened in the Rex Theater building on Center street.

PAYSON SPEAKS. In his address at last evening's meetings W. H. Payson said:

"The charge which is being used by the majority directors, that Morris James was railroaded out of the principalship of the Berkeley high school, is a ridiculous charge."

The facts are that Mr. James left the high school of his own accord; that he himself admitted that he was not able to handle the situation in the school any longer; that it had got beyond him.

James went to Superintendent Bunker with the suggestion that he was willing to resign, and take some other position in the department; that he looked executive in the department, and was a man of some other capacity, the high school having grown beyond his powers.

James not only advocated his own change out of the high school, but agreed to the appointment of his successor, Brink, who was named for the position until months after James had resigned.

James had been advised at the time of the search for his successor, and he was by his own admission willing to give up the high school, but agreed to the appointment of his successor, Brink, who was named for the position until months after James had resigned.

Professor Jones said: "The provisions of the city charter, which makes the superintendent the executive officer of the school system, and the legislative power, were adopted by the freeholders at the request of a committee on education, of which Morris James and other educators were members."

The charge has been made that the charter gives the superintendent too much power. But the charter was so arranged, at the urgent request of a committee consisting of F. B. Dressler, professor of education at the university, and other educators, that it was a compromise between the school board and the superintendent.

The charter was a compromise between the school board and the superintendent. It was a compromise between the school board and the superintendent. It was a compromise between the school board and the superintendent.

MISSOURI FAIR SITE SELECTED

Ceremonies Mark the Setting Aside of Plot for State Building.

SAN FRANCISCO, April 4.—The site for the Missouri building at the Panama Pacific Exposition was selected today.

The setting aside of the plot was marked by ceremonies, in which J. E. Black, representing the Missouri exposition, and Mayor James D. Phelan, Jr., and other public officials of San Francisco, participated.

George Sontag, brother of John Sontag, the outlaw, is one of the features at the Broadway theater for the week-end. Sontag, who has been in the news for some time, is the subject of a play, "The Outlaw," which is being presented at the Broadway theater.

Sontag carries a moral in his lecture from start to finish that should not be lost. He is a man of great power and four other big acts and the usual up-to-date motion pictures comprise the offering at Sontag's matinee.

An entire new bill will be offered, and many features are in store for the Broadway's patrons.

NOON-DAY SERVICES TO CLOSE TOMORROW

Rev. Clifton Macom, pastor of Trinity church, will be the speaker at the noon-day services tomorrow in the Look building, Fourteenth and Jefferson streets.

The sermon will be on "The Power of the Cross," which has been delivered at the Look building for the last two weeks by the religious dignitaries of the bay region.

Among the ministers who have taken part in the services are Rev. Dr. Allen, Rev. Dr. L. Goodspeed, Rev. Dr. Thomas A. Boyer, Rev. Dr. K. Towne, Rev. Dr. W. C. Couper and Rev. Dr. F. G. Coe.

Eat and Get Thin.

This is turning an old phrase face about, but modern methods of reducing fat have made this a new one.

If you are overfat and also averse to physical exertion and likewise fond of the table and still want to reduce your excess flesh, you should do this: Go to your druggist (or write the Marmola Co., 228 Farmer Bldg., Detroit Mich.) and give him (or send them) 75 cents.

This modest amount of money the druggist will put you in the way of satisfying your ambition for a slimmer, trimmer figure.

If you will hand you a large case of Marmola's Prescription Tablets (compounded in accordance with the Marmola's Prescription), one of which you must take after each meal and at bedtime until you begin to lose your fat at the rate of 12 to 16 ounces a day.

Danderine

Stops Falling Hair and Destroys Dandruff

Makes the Hair Grow Long, Heavy and Luxuriant and We Can Quickly Prove It

If You Wish to Double the Beauty of Your Hair at Once, Just Get a 25 Cent Bottle and Try This

Surely try a Danderine Hair Cleanse if you wish to immediately double the beauty of your hair with little trouble and at a cost not worth mentioning. Just moisten a cloth with a little Danderine and draw it carefully through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or any excessive oil. In a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair.

Besides beautifying the hair, one application of Danderine dissolves the scales of Dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. It's exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It is at once a sparkling brilliancy and velvet softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

You can surely have pretty, soft, lustrous hair and lots of it. If you want get a 25 cent bottle of Danderine's Dandruff and try it as directed.

JACK JOHNSON ABOUT TO PART WITH \$9,600

CHICAGO, April 4.—A little over eight on the part of Jack Johnson, the pugilist, when he encountered the customs officers in New York on his return from the coronation of King George, is about to cost him \$9,600. If the black man's fighting blood prompts him to contest the charges of smuggling that have been preferred against him he will be prosecuted by the Government in the immediate future, with the prospect that the cost will be much higher.

Jack Johnson, who was taken to Chicago his blonde wife exhibited a remarkable diamond necklace that became the envy of her neighbors. Sagacious friends of the heavyweight boxer could not recall that they had heard of his declaring this magnificent gift to the custom officials. They finally wrote a letter to the New York customs offices. Secret service men made a late visit to the Johnson residence and departed with the treasure in spite of the vigorous protests of the pugilist and his wife.

PRESIDENT SEEKS SANEST REVISION

Tells Cotton Men Inquiry by Tariff Is Necessary to Get It.

WASHINGTON, April 4.—President Taft in an address to the convention of the American Cotton Manufacturers' Association renewed his plea for revision of the tariff only after an inquiry by a tariff board.

"We are in this country in respect to every business on a protective basis," said the President. "I do not mean that every business needs a protective tariff to enable it to live, but I mean that there are so many businesses that are dependent on a protective tariff that they may live, that to take away a protective tariff from them would disturb the whole business foundation of the country."

"Therefore, it is essential that when we, who are charged with authority as to the adoption of the laws and the formation of tariff bills, attempt to amend them, we should know that we are touching the business of the country and probably affecting its prosperity. Reforms are all right, but I am as much in favor of them, when I see they are real reforms, as anybody; but the thing that makes most for happiness is good business and prosperity."

Laws that affect the business of the country and may prove a menace to prosperity, the President said, should not be made by "rule of thumb," or with "blacksmith's tools," but upon sound information and advice.

KANSAS MAN DROPS INTO FORTUNE HERE

WICHITA, Kas., April 4.—Samuel P. Barnhart, an insurance man of this city, has fallen heir to a fortune worth \$950,000, according to information reaching him yesterday from San Francisco. Barnhart's uncle, Henry P. Barnhart, died at Stockton, Cal., four years ago, leaving an estate worth a million, which his only daughter, Daisy Barnhart, inherited. Miss Barnhart died last week, according to Barnhart. In her possession were deeds conveying all the Barnhart estate to Barnhart of Wichita. The estate consists of a country home, town lots, a 1000-acre farm and diamonds.

CHIEF OF FRENCH BANDITS CAPTURED

Auto Murderer Swallows a Harmless Tablet He Believes to Be Poison.

PARIS, April 4.—At last one of the chiefs of the gangs of automobile bandits that has been terrorizing Paris for the last three months has fallen into the hands of the police.

Edouard Carouy, one of the three men most wanted by the police for the killing of a chauffeur at Villeneuve St. Georges and the robbery of a bank at Chantilly March 24, was captured by Chief of the Detective Bureau, Gouchard at Lozere railway station, in the south of the city. All France has been on the lookout for the desperadoes.

Late yesterday Chief Gouchard left headquarters in a racing auto with his men, and caught Carouy in front of the railway station at Lozere, a suburb 13 miles out of Paris. Taking the man by surprise, they surrounded and plied him before he could draw either of the two automatic revolvers he carried.

The prisoner did not deny his identity and admitted that he took part in the bank robbery at Chantilly, where \$5000 was stolen, as well as being implicated in the murder of a policeman in the middle of Paris and the assault in Rue Ordener last December.

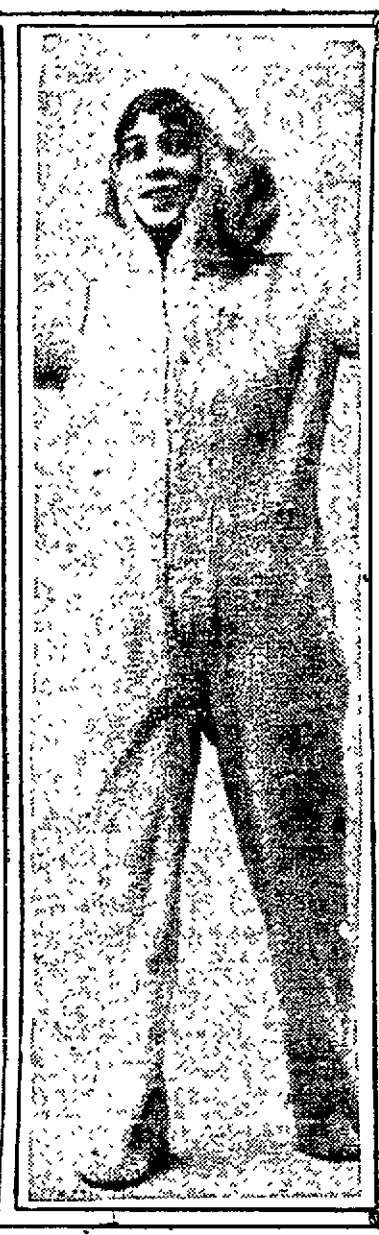

While the examination was proceeding in the Paris police station, Carouy took advantage of a moment when the attention of the guards was distracted and hastily swallowed a tablet of what he supposed was poison. Energetic measures were immediately taken to save the man's life, when it was discovered that the supposed poison was a perfectly harmless compound which a druggist had sold him in place of the deadly preparation he believed he was buying.

Carouy exclaimed dramatically: "I am going to die!" But the doctors laughed and retorted: "Not at all. What you have taken will do you good."

THREE 'HONOR CONVICTS' MISSING FROM CAMP

SALEM, Ore., April 4.—Three more of Governor West's "honor men" have taken French leave from the convict camp which is doing road work near this city. Within the past five days six men have violated their word to the Governor that they would not attempt to escape. None of the escaped men has been apprehended. The three men who escaped last night are: James Stanley, serving three years for burglary; James Johnson, serving seven years for larceny, and Al McCormick, serving an identical term for a similar offense.

PRETTY GIRLS IN SLICKERS KEEP AUDIENCE SMILING

MISS JULIA CURTIS

Donning slickers, a half dozen pretty lassies brave stage rain while they sing "Rain Dear" at the Bell Theater in the new show for the week. They dance in the deluge like a lot of water nymphs. Julia Curtis heads this clever little bunch, which appears in four spectacular scenes, first as Dutch kiddies in a top shop, then as polar beauties in the Iceland scene, in filmy apparel in the dreamland scene and the finale, the big splash. They give a meritorious performance and the big audiences of the week thoroughly enjoyed them.

A bright and brief skit is "The Girl From Yonkers," with Mae Devlin and J. Kaufmann in the roles. As a country girl, Miss Devlin invades the apartments of a clubman and plays the Raffles role, while saying soft nothings to her husband. He discovers too late that he has been entertaining a regular thief. Charles Merritt and Winfield Douglass keep the house in an uproar with their laugh stunts and the Bennington brothers give an easy graceful physical exhibition with horizontal bars and trapeze.

Weird musical instruments are played by Les Goussier, who gives a fine lecture on a monster horn, supported by two ueters that when in place extends far over the parquetry.

Phil Bonnett, a high class soloist, is a delightful number in lyric tenor selections.

No Sunday comes the clever sketch "Le Petite Revue," a most spectacular singing number, and a great Easter week bill of more than passing merit.

HEAD OF ROCK ISLAND IN LOAN SHARK FIGHT

CHICAGO, April 4.—Another ally in the warfare against loan sharks has been found in the person of H. U. Mudge, president of the Rock Island road. In a communication addressed to employees in the general offices he announces that the management of the Rock Island has decided to place the services of the company's legal department at the disposal of those who are being harassed by money lenders.

"The services of the legal department," he says, "are offered to stop the payment of usurious interest, whether figured in the guise of principal or otherwise, but not to stop the return of money actually loaned, together with legal interest thereon."

It is expected that the offer will gradually be extended to all employees of the road.

WIRELESS COMPASS TO AID SHIPS IN FOG

NEW YORK, April 4.—Within a few months, by a new type of wireless equipment, Marconi's latest invention, steamships caught in a dense fog need have no more fear of it than they now have of starvation or sunburn.

"The day of terror on account of fog is about over on the sea," declared Marconi. "Just before I came here on my present trip I concluded a series of experiments with the so-called 'wireless compass,' which I had been thinking of for many years."

"The last experiment was a complete success. There are many more experiments to make, of course, but I have the thing so far advanced that it cannot disappoint me."

JAPAN LEADS FAR EASTERN SHIPPING

Orders Given for New Steamers; Subsidies Paid for Those in Use.

WASHINGTON, April 4.—A report from Hongkong to the Department of Commerce and Labor says that the shipping situation in the Far East continues to be dominated by two of the Japanese policy of reorganization of subsidies, or consolidation and improving services in new lines, has been followed successfully.

Details of the amount to be paid to the subsidized lines have been issued by the Department for Communications at Tokyo. The total amount in round figures is \$5,431,400, a decrease from the previous fiscal year of \$19,109.

The lines receiving subsidies and the amounts thereof are as follows: Nippon Yusen Kaisha, \$1,587,700; North American, \$2,223,642; Southern American, \$384,958; Australia, \$121,831; Southern Pacific, \$37,500; Yangtze, etc., \$380,000; Kobe, \$60,000; Yokohama and Shanghai, \$137,500; Kobe and North China, \$85,000; Vladivostok, \$125,000; Hondo Hokkaido, \$25,000; China (Korea), \$9250; Tsuruga, Vladivostok, \$157,500.

The chief improvements contemplated by existing lines are those of the Nippon Yusen Kaisha. This company has under construction five new ships for lines to Europe and the United States, and it is expected that two of these vessels are to be put into service in the course of a few weeks between Hongkong and Seattle. The two steamers are the Yokohama Maru, building at Nagasaki, and the Shizuka Maru, under construction at Kobe.

The Yokohama Maru will replace the Tamba Maru, sailing from Japan about June 1. The Shizuka Maru will replace the Inaba Maru later in the summer.

The Tamba Maru and the Inaba Maru will be employed on one of the Indian routes, while the company has ordered from the Mitsui Bishi shipbuilding yard a steamer of 15,000 tons to be placed on the European run. From the Kawasaki shipbuilding yard a steamer of 15,000 tons is being ordered to be completed in October, 1912.

PUPILS REFUSE TO SING 'STAR SPANGLED BANNER'

MILWAUKEE, April 4.—An unprecedented situation arose in a school in the Twenty-second ward, a Socialist ward, yesterday when pupils in several rooms refused to stand and join in the singing of the "Star-Spangled Banner," as the result of Socialist anger at the defeat in the election. It has been the unvarying rule for the pupils to stand and sing one stanza of this song at the opening of school and one stanza of "America" when the schools closed in the afternoon.

W. H. LANGDON'S MOTHER, DIES ACROSS THE BAY

SAN FRANCISCO, April 4.—Mrs. Annie Langdon, mother of William H. Langdon, former district attorney and the first woman to personally conduct a large wheat farm, died at her home on Bush street yesterday. She came to California in 1860 and was one of the earliest pioneer women of San Francisco.

For twenty years Mrs. Langdon farmed extensively and engaged in cattle raising in Alameda and Contra Costa county. For the last twenty years she has lived at the family residence, on Bush street.

She is survived by four daughters, Katherine, Sarah, Margaret and Mrs. F. J. Spilane and one son, William H. Langdon, who since retirement from public life has been engaged in the practice of law in San Francisco and farming and banking in Modesto.

YOUTH DROWNS IN SIGHT OF FRIENDS

Julius Tionoy Swept to Death by Swift Current of the Bay.

SAN FRANCISCO, April 4.—Borne out to sea by the receding tide and the swift current of the western bay, Julius Tionoy, an 18-year-old lad, of 1825 Chestnut street, was drowned before the startled eyes of two companions, at 8 o'clock this morning.

Young Tionoy, with Joseph Robetti, of 26 Atlas street, and Samuel Altman, of 254 Leavenworth street, boys of his own age were catching crabs at the pipe line of the California Packer's Association, at the foot of Leavenworth street. They had been more or less successful in their fishing and were standing on the narrow beams when a swift current drifted by. Tionoy attempted to catch it with his net and threw it far from him. He missed a ray, slipped and fell into the water. The tide seized him and carried him rapidly away, when his companions, horrified at his predicament, threw out their own nets in endeavor to save him. They failed to jump into the swirling water and did their best with the lines. Tionoy seemed powerless to do anything to save himself. He was swept out to sea in a moment. He made no effort to catch the net thrown to him and was soon carried from the sight of his friends.

The police of the North End station were notified by the boys after James Green, watchman for the Merchant's Exchange, had seen his friend with a cramp. Lieutenant Green notified the Harbor station, and Patrolman Hayden was sent out with the police boat to aid them. The boy was searched, but the body of the lad was not recovered. His father, Claude Tionoy, was notified and furnished a description of his child.

FRUITVALE MAN KILLED BY TRAIN

John McGoldrick Mangled Under Wheels of Electric Car at Mole.

SAN FRANCISCO, April 4.—John McGoldrick, of 3041 Cuthbert avenue, Fruitvale, was run down and horribly mangled at the Oakland mole shortly before midnight last night, receiving injuries which resulted in his death at the Harbor Hospital, this city, an hour later.

An electric train on the pier ran over the man, who walked suddenly from behind some cars standing on the tracks. He was thrown a distance of 20 feet, sustaining lacerations of the head, bruises of the entire body, a broken arm, a broken leg, fractured skull and internal injuries. Special Policemen Wall and Wilson of the Police Department, who had him conveyed to the Harbor Hospital. While Dr. Skoomborg was in the act of dressing his injuries, he announced the identification of McGoldrick was made at the local morgue at 9 o'clock this morning by his brother-in-law, Waldemar Perkins, who said the dead man was 43 years old and a laborer by occupation.

SANTA CLARA SALOONS TO BE CLOSED TIGHT

SAN JOSE, April 4.—Santa Clara will have no saloons when the rebuilding of Santa Clara College is completed. The liquor interests will go out of business automatically by the working of the state law prohibiting the sale of liquor within a mile and a half of any university which has 1000 or more students, 500 of whom live on the college campus.

The process of making a university of the Catholic college will not be completed for five years, and it is possible that it may be that length of time before the state laws will be enforced in this case. For the reason that the enrollment for the present is dependent on the accommodation obtainable. In September of this year the university enrollment will be 125 men to the enrollment, practically all of whom will live on the campus. The present enrollment is 326. There will not be accommodations for more than double that number of students this year, but the capacity will be increased as rapidly as financial arrangements and building operations will permit.

HOUSE TO GIVE LAND TO LUTHER BURBANK

WASHINGTON, April 4.—The plan to give Luther Burbank an immense farm in the Southwest for the growing of spineless cactus was favorably acted upon by the House public land committee yesterday. Under the bill, which was introduced by Representative Hayes, Burbank will be allowed an option on twelve sections of semi-arid land in Southern California, Arizona and New Mexico. If at the end of five years there are 100,000 spineless cactus plants two years old growing on the land it will be conveyed to the government to Burbank at the regular price for such lands.

LOS ANGELES HOTEL IN RECEIVER'S HANDS

LOS ANGELES, April 4.—The Hotel Nacayo, a landmark and one of Los Angeles' famous hotels, is in the hands of a receiver today. The old management of the hotel, which operated it for the last seventeen years, turned it over to the Title Insurance and Trust Company yesterday. It was formerly one of the best paying hotels in the city, but the competition of the new and modern apartment hotels has played havoc with its patronage.

SAYS HYGIENE SHOULD TEACH 'COMPLETE LIVING'

Professor Percy Hughes Tells of Proper Aim of Study at Convention

SOUTH BETHLEHEM, Pa., April 4.—Percy Hughes, professor of philosophy and education at Lehigh University, delivered an address here before the conference of the American Academy of Hygiene, held under the auspices of the American Academy of Medicine. Professor Hughes' subject was the instructor's point of view in the teaching of hygiene, and he spoke in part as follows:

What should be taught in the field of hygiene is an ideal of complete living realized as far as may be under the conditions of the school room. During the first six years of the school life, hygiene should be taught as incidental to the teaching of hygiene, and he spoke in part as follows:

But in the seventh or eighth grade, at the dawn of adolescence, the rules of health, and some of the most evident data of psychology may be summarized, with special reference to the child himself, to the social and civic life of the community, into which he must now feel he is entering.

SEX HYGIENE IMPORTANT.

Of four difficult subjects in hygiene, sex hygiene, sex hygiene, the abuse of alcohol and the abuse of narcotics, the most difficult to treat in this way is that of sex hygiene, which has received special attention in his conference. But even here the teacher will urge, I think, the same position. In like manner alcohol, tobacco, etc., may be discussed in relation to these civic and social problems which arise as the school leads the child to feel the responsibility which already begins to rest upon him. Whether in the high school or in the grades, the obstacle that stands in the way of instructing the child to live according to a hygienic ideal is the poor preparation of the teacher. Any one can teach the average book in physiology and hygiene. To teach the whole school life to bear in the formation of hygienic habits and ideals of living requires a teacher of at least a good high school training supplemented by a normal school course in which much of the work has been brought directly to bear upon just this purpose.

NEED OF SOUND BODY.

Louis Nussbaum, district superintendent of public schools of Philadelphia, delivered an address on "Certain Improvements in the Teaching of Hygiene," and he spoke in part as follows:

The purpose of teaching hygiene is to secure to the individual a sound body, which in turn will tend to increase his happiness, efficiency and longevity. The subject must be freed of technicalities, which do not interest and only confuse the child. An physiology has been taught in the past, we must avoid the attempt to give didactic moral instruction concealed under cover of technical physiology—children are prone to detect subterfuge and hypocrisy. We must be particularly careful to avoid exaggeration in the presentation of the subject. We must avoid arousing the opposition of the child by seeming to present an

indictment against those in his own home who may be users of alcohol or tobacco. Such teaching creates a community sentiment against the work of the school, and proves to be a real hindrance to the accomplishment of the desired result. What we need at this time is to teach hygiene and sanitation with a background of the physiology instead of teaching, as in the past, physiology with a foreground of anatomy.

TEACHING BY EXAMPLE.

We are more completely realizing each day that teaching by example, if not too abstract, is one of the most effective methods of teaching, and so we are making the modern school by its very appointments an incentive to sanitary and hygienic practices. We provide large, airy, well-ventilated well-lighted classrooms. We have well-lighted, well-ventilated, well-ventilated rest rooms, so that even in private filthy or immoral tendencies are routed out by cleanliness, sunlight and decent surroundings. Schools are providing baths, healthful lunches, medical inspection, nurses, services, open air classes, and cold room classes, and everything about the modern school tends to the creation in the child's mind of an ideal sanitary living. The most vital factor in the teaching of hygiene is the teacher. She must in no ordinary degree have confidence, and faith and enthusiasm in her work. So far as school life permits she must be the exemplification of her teachings by her own habits. She must believe in the value of the child's outdoor games and be willing to enter into them herself with spirit and enthusiasm, and she must act in such way as to lead her pupils to believe that she believes in her own teachings of the work.

CONSEQUENCES HELP TO TEACH.

We might profitably make an intensive study of a few of the things usually cared for and easily abused, as for example, the eyes, and the teeth, so that when the rules of health concerning these things are taught the child will almost automatically appreciate the probable consequences of his acts and instinctively tend to correct them.

Any child can be made to appreciate his community responsibility in matters of personal habit, and he can easily be led to avoid such offensive practices as spitting by a consideration of the possible consequences of such acts when generally practiced. He can be led to carry into his home the ideas implanted in his mind at school and thus serve as a social agent of reform. He can be brought to appreciate the harm done by allowing him to accumulate in cellars or attics, by crowding workers into sweat shops and by employing child labor in mines and amid their unsanitary surroundings, and he, collectively, will become a vital force in the future eradication of many such evils. By his own practices he will often be able to convince parents of the need of attention to decayed teeth, poor eyesight, and other defects of the body. A brief introduction into the subject of bacteriology will, perhaps, lead him to give some wholesome advice at home as to the care of the baby's food, bottles, etc. Some simple, straightforward instruction concerning such things as these and their immediate effect upon ourselves and those about us will often result in the creation of a set of personal habits which when once formed will be almost as hard to break as it is difficult to depart from bad habits once formed.

AID TO HAPPINESS.

If we will relate our teachings to the child's daily acts so that he will, consciously or unconsciously seek to breathe correctly, so that he will habitually take proper kind and amount of exercise, so that he will sleep at reasonable hours, and in well-ventilated rooms; so that his body and clothing will always be clean; if we can persuade him to be temperate and modest in all things, we shall be giving a kind of training which will result not only in personal health and happiness, but ultimately in increased health, happiness and efficiency and improved morality of the entire community.

WATERFRONT LOT PURCHASED

A. A. Moore, Jr., Secures East Street Property From Wm. Wilson Company.

SAN FRANCISCO, April 4.—A. A. Moore, Jr., has purchased the lot and improvements owned by the William Wilson company situated in East street, 223 1/2 feet south of Mission, and running through from East street to Stewart, 137 1/2 feet, with a uniform width of 45.10 feet. The improvements consist of a four-story and basement brick building, with one store in East street, two stores in Stewart street, and one hundred rooms on the upper stories. The building is rented for about \$1000 a month. The price is understood to be \$160,000.

TAXPAYERS DISCOVER THAT VOTES COME HIGH

BUFFALO, N. Y., April 4.—It cost the taxpayers from \$1.50 to \$10.50 for each vote at the recent primaries in Western New York, according to figures compiled by the local election commissioners.

The minimum cost was \$1.50 and most of the figures shown were considerably above that figure. The cost in New York City is said to average about \$3 per vote.

I. W. HELLMAN TO TOUR EUROPE

San Francisco Banker Departs for Extended Trip East and Abroad.

SAN FRANCISCO, April 4.—Isaac W. Hellman, president of the Wells Fargo Nevada National Bank and of the Union Trust Company of San Francisco, left today for the Atlantic Coast and Europe on an extended tour abroad, to be absent for several months. His son-in-law and daughter, Mr. and Mrs. E. S. Heller, intend leaving here about four weeks later and will join him in Europe.

Mr. Hellman is going abroad for his health and to take rest, he will employ his best efforts in boosting San Francisco and California and especially the Panama-Pacific International Exposition, to be held in 1915.

MERCHANT COMMITTS SUICIDE. NAPA, April 4.—Albert J. Hest, a merchant of Napa, committed suicide yesterday afternoon by hanging himself to a rafter in his barn in this city. Financial reverses are said to be the cause of the deed. Up to a few months ago he was manager of a local transportation company. He leaves a widow, two daughters, three sons and two sisters who live in San Francisco.

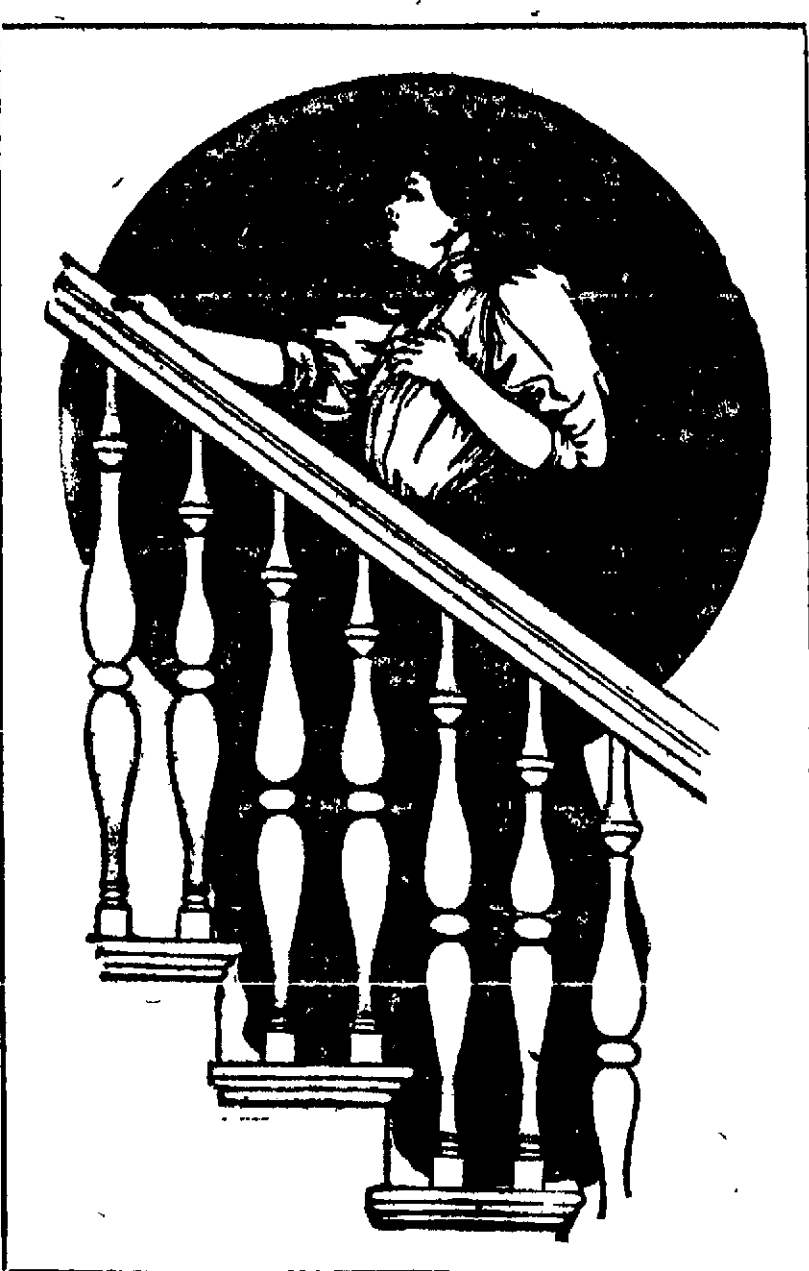

INQUIRY TURNS TO CONVICT CAMP

Friction Said to Have Existed Between Baker and State Engineer Kearney.

RENO, April 4.—The searchlight of the Oddie-Baker inquiry turned yesterday upon the management of the convict road camp south of Reno, and disclosed the fact that serious friction had existed between the warden and State Engineer Kearney, who was under the law equally responsible with Baker in carrying out the work.

Kearney testified that from the beginning friction had existed over the work, the filing of reports, the methods used in camp and the conduct of the men. He had sent his assistant, Charles Watson, to do the surveying and afterwards to conduct the work. On August 1 the Board of Prison Directors scored work as unsatisfactory, he said. On that day Kearney went to camp and Watson's resignation followed.

The afternoon session was given up to further explanation of reports by Prison Chief Griffith. The hearing, which is being held in a close, adjourned till Friday.

Shortness of breath and palpitation of the heart after slight exertion is a sure sign of lack of blood.

Get a box of Dr. Williams' Pink Pills from your druggist today. Do not delay. Begin the treatment now. Then write the Dr. Williams Medicine Co., Schenectady, N. Y., for a copy of the booklet, "Building up the Blood." It is free upon request. If you cannot get Dr. Williams' Pink Pills readily near home send 50c. for one box or \$2.50 for half a dozen, by mail, postpaid.

Thin, Impure Blood in the Springtime

As winter passes away it leaves many people feeling weak, depressed and easily tired. The body lacks that vital force and energy which pure blood alone can give.

Dr. Williams' Pink Pills for Pale People are an all-year-round blood-builder and nerve tonic but they are especially useful in the spring. Every dose helps to make new, rich, red blood. Returning strength commences with their use and the vigor and cheerfulness of good health quickly follow.

There is just one cure for lack of blood and that is more blood. Food is the material from which blood is made but Dr. Williams' Pink Pills double the blood-making value of the food we eat. They give strength, tone up the stomach, aid weak digestion, clear the complexion of pimples, eruptions and boils, and drive out rheumatic poisons.

If you are pale and sallow, if you feel continually "tired out," breathless after slight exertion, if you have headaches and backaches, if you are irritable, nervous, shaky, if your joints ache, if your step is uncertain, if your appetite fails and food does not nourish nor sleep refresh you, Dr. Williams' Pink Pills will help you.

To build up the blood is the special purpose of Dr. Williams' Pink Pills, and that is why they are the best Spring medicine. If you feel the need of a tonic this Spring give Dr. Williams' Pink Pills a fair trial, and you will rejoice in new health, new strength and new energy. Do not let the trying weather of summer find you weak and ailing.

Lack of Blood---Anaemia

Mrs. D. Claude Mathoney of Easton, Washington, who was permanently cured by Dr. Williams' Pink Pills, says: "When I was seventeen years of age I became afflicted with anaemia. I had to leave school and could not walk any distance without being short of breath. I had terrible dull headaches which made me sick to my stomach. I didn't have much of an appetite and was very pale. The doctor pronounced my trouble anaemia, but did not help me much. Finally my father decided to have me try Dr. Williams' Pink Pills. The pills helped me at once, giving me strength and color. I have been in good health since and recommend Dr. Williams' Pink Pills in cases of anaemia."

Starved Nerves---Neuralgia

Mrs. Thomas Stott of No. 211 Jackson street, Redwood City, Cal., who was cured of neuralgia, says: "Dr. Williams' Pink Pills helped me right away and in a short time completely cured me of neuralgia. I had been suffering for nearly a year from neuralgia in my head. The pains were sharp and cutting and were through my temples and the back of my head. I was led to try Dr. Williams' Pink Pills through reading about them in a newspaper. I found them a great relief and was entirely cured. I now keep them in the house and always recommend them to my friends."

LEGAL NOTICES

**Important Notice to
Voters of Registration**

Office of John P. Cook, County
Clerk, Oakland, Alameda
County, California

Notice is hereby given that in accordance with the provisions of section 1991 of the Political Code of the State of California, all voters of Alameda County are hereby notified that they will be able to appear for re-registration in order to be added to the primary election roll to be held on September 3, 1912, and for the general election to be held on the fifth day of November, 1912.

Owing to the assistance to the division of law granting assistance to the County Clerk in the registration of voters, it is important that voters should appear for registration at once, in order to expedite the work.

Such re-registration began on the first of August and will be in progress at all times until September 23, 1912, for the purpose of enabling voters to appear at the primary election, after which registration will again open and continue until October 5th, and will continue until November 1st, for the purpose of enabling voters to qualify for the general election to be held November 5th 1912.

Attention of voters is especially directed to the recent decision of the supreme court, in which it was held that voters must have registered this year in order to join in the signing of any certificate of initiative or referendum of candidates for public office, to be voted for at the primary election, to be held September 3, 1912.

Attention

Section 1097. No person's name shall be entered by the Clerk unless:

1. Upon the production and filing of a certified copy of the judgment of the Superior Court directing such entry be made.
2. If a naturalized citizen, upon the production of his certificate of naturalization, which certificate must be issued ninety days prior to the succeeding election, of his affidavit that it is lost or out of his possession, which affidavit must state the place he has resided in since the date of his naturalization, together with his affidavit that he has resided in the United States for five years, and in this State for one year next preceding the

county at the next succeeding election provided, however, if such naturalized citizen shall have been previously registered as a qualified elector in any of the counties and counties of this State, and shall produce to the county clerk, upon registration, issued by the party authorized by law to issue such certificate, which shall recite the time and place of naturalization of such elector, such certificate shall prima facie evidence of his naturalization. If such citizen shall not be a naturalized citizen shall state in his affidavit that he was naturalized in the county of _____ city and county in which he seeks to register, or in the event that he was nat-

county in which he seeks to register, and his certificate of naturalization has not been revoked, he shall not be required to produce his certificate of naturalization, but he shall be required to make such affidavit of low citizenship as the law prescribes, and to show that the affidavits of registration have not been destroyed by fire or conflagration, or other public calamity, the above stated provision as to previous registration with respect to the county of residence shall apply only to such number of years past as there shall exist a record of previous registration, and shall not exceed in any event said eighty years.

8. If born in a foreign country, upon his

tion of his father while he was residing in the United States and under the age of twenty-one years, and the date of his birth in the election of the county at the next ensuing election.

4. In all other cases, upon the affidavit of the party that he is or will be an elector of the county, the following oath shall be taken. Such affidavit must be made before the county clerk or officer charged with the registration of voters, and the elector shall declare that he is from the county in which he claims residence, he may appear before any judge or clerk of any court or before any justice of the peace, or before any minister, or consul, or vice-consul of the United States, and make and subscribe an affidavit as follows: "I, , claim residence; that he will be necessarily and unavoidably absent

all the days allowed by law, and setting forth in
 statement of electors, and setting forth in
 such affidavit each and all the matters
 required by section one thousand and
 ninety-six of the Political Code of the
 State of California, and forward such af-
 fidavit duly authenticated as above, by

to the county clerk of any county, or the registrar of voters in any city and county. Upon receipt of such affidavit by such clerk or registrar of voters within the time allowed by law for registration, it shall entitle the name of such elector to

5. In every case the affidavit of the party must show all the facts required to be stated in the entry on the register, except the date of the entry.

Further notice is hereby given that affidavits of registration must be sworn to before the County Clerk or his deputies and that they cannot, owing to the pro-

The office of the County Clerk will be open for registration until further notice from 9 o'clock a. m. until 5 o'clock p. m. of each day, except Saturdays, on which day the office will close at 12 o'clock noon.

PROPERTY OWNER
WOULD MOVE LINE
SERVICES HELD IN
ALAMEDA CHURCHESF. W. Knowler Looks Horns
With City of Alameda and
Is Worsted.

ALAMEDA, April 4.—There will be no change in the south line of Santa Clara avenue, unless Mrs. Marie De Chesne of Santa Clara avenue and Webster street agrees to move her house back to conform to the lines of the other property owners, according to Superintendent of Streets V. M. Frodden, today. The declaration was brought about following a meeting of the Alameda city council at which Frederick W. Knowler, who owns adjoining property, implied that unless the city was willing to force Mrs. De Chesne to move her house back he would move his out.

Knowler appeared at a meeting of the council committee of the whole two weeks ago and stated to the board that he had purchased adjoining land to that held by Mrs. De Chesne. He said that he was desirous of improving the property, and asked that some action looking to compelling Mrs. De Chesne to move back her lines be taken.

At the last meeting of the council he again appeared, this time in a belligerent mood, and demanded to know why he had received no reply to his application. As the matter had been taken up for final action at the last meeting, he was told that in due time he would receive a reply. He refused to accept any verbal reply; he wanted to get a letter, and implied that there was something not open and above board going on.

"I want to improve the land," he said, "but I am kept back by a lot of dead ones and pull bearers," he told the council.

Mayor Noy instructed City Clerk Browning to explain to Knowler the circumstances of the transaction. Browning attempted to follow out the instructions when Knowler shouted:

"I didn't come here to talk to a clerk; I want to be addressed by the presiding officer of this council. There is something funny about this thing; this woman has a phony deed, she has the deed, but the map was never recorded. If my line is the line, she has to come back; otherwise her line is the line; it's one or the other."

He had the clerk knower declared that he had the council "buffaloed." He stated that he was just waiting for Councilman to say something or any other member of the council, and then they would have found out.

They pretty well know who was talking," he said.

The findings of the council were that, inasmuch as Mrs. De Chesne has a deed to the property, she is to sell for less than \$250 a front foot, the money will either have to be raised by the property owners interested or the lines remain as they are.

SHAM BATTLE SENDS
STUDENT TO HOSPITAL

UNIVERSITY OF CALIFORNIA, April 4.—Several sophomore companies of the university cadets waged what was literally a bloody battle here yesterday. The victim of a sham battle being W. S. Minville of the sophomore class. Minville was injured by a projectile thrown from shore by the cadets, his forehead being badly cut. He was treated at the Student Infirmary, where it was believed the eye itself was not injured.

ALAMEDA, April 4.—Speaking before the Unitarian club last night, Carl M. Hansen, a representative of a surety company, gave an illustrated lecture on scientific accident prevention as applied to industrial establishments. Hansen's lecture was designed to show how accidents could be reduced to a minimum and how excessive premiums could be reduced through simple precautions and co-operation on the part of employers and employees.

Among the views shown were many of unguarded machinery and the contrasting pictures of the same machinery provided with safeguards. Open shafting, unprotected cogwheels and flywheels, safety appliances for all sorts of mechanical equipment, signs, etc., were shown on the screen.

The lecturer said that despite the findings of the coroner's juries in recent fire accidents that the mine owners were to blame through not taking ordinary precautions to avoid such accidents. Eight or ten buckets of water immediately at hand would have prevented two recent accidents, resulting therein duty commensurate with the loss of life.

ALAMEDA, April 4.—The identity of the Albany Improvement club, formed in the interests of Frank J. Roberts when he and the Albany trustees parted company some months ago, and the Good Government League, now supporting Roberts and others for office, is alleged in an affidavit issued today by Mayor E. D. Cushing to have been admitted to him by Roberts last night. Cushing alleges the admission was made in the presence of eight persons at Moore's cafe. The affidavit follows:

"Dated at Berkeley, California, April 4, 1912. Frank J. Roberts, who is now a trustee of the city of Albany and is a candidate for re-election on April 8, 1912, did, on the evening of April 3, 1912, before me, a witness, to wit, eight prominent citizens of Albany, and in my presence and hearing state that:

In witness whereof, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

GEORGE SCHMIDT, Notary public in and for Alameda county, state of California.

That the two organizations were identical and that both had but one object in view, to elect candidates of Roberts and his associates, has been the claim since the campaign of the mayor election by Roberts' enemies. Officers of the league have claimed, steadfastly that it was organized to elect candidates and not to conduct campaigns of any particular man.

Last evening Cushing and seven others met at Moore's cafe. The matter was broached by the mayor, who, in his affidavit, that Roberts admitted the identity of the two organizations. The men named as Mayor Cushing's being present were Axel Lindquist, Maurice P. Hankel, George H. Brown, E. Schultze, J. Hansen and John Howard.

BERKELEY SOCIETY.

BERKELEY, April 4.—The marriage of Miss Mabel Macleod and Rupert Wellington Macleod took place at 10 o'clock yesterday afternoon at San Rafael, the Rev. Lynn Townsend White of the First Presbyterian church officiating. The bride was attended by Miss Bernice Viala of Stockton, while the groom was attended by Robert L. Patterson, a fraternity brother of the bride. The wedding was a very quiet affair. The bride and groom were both of the same family. The bride is a former football star and now holds a position in San Francisco. The couple will make their home in Berkeley after returning from their honeymoon, which is being spent at Montezuma on the Russian river.

The wedding of Miss Mabel Williams and Walter Radcliffe will take place in June. It will follow the return of Miss Coronado Williams, who is in Vassar. She is to be one of the bridesmaids at the wedding, with her sister, Miss Florence Williams. The bride will be Miss Mabel Beaver, Miss Marion Crocker, Miss Mary Gayley and Miss Dorothy Woodworth.

Mr. and Mrs. Charles Dutton will spend the summer vacation in Italy and Switzerland and are expected home early in the fall. The Duttons have been in Berlin for the last two years, where Dutton has been devoted to the study of music. Before returning to California, he plans to spend some time at Vienna.

The wedding of Miss Cora Connor, daughter of Mr. and Mrs. F. P. Connor, and Albert Minor Foster will be solemnized this evening at the home on Walnut street. Mrs. Lillian M. Foster, father of the groom, officiating. Miss Lorraine Connor will be her sister's only attendant. The ceremony will be witnessed by about 100 guests.

The marriage of Miss Grace Whitte and Leslie Webb Symmes will take place the latter part of August. The bride-to-be is a daughter of Mr. and Mrs. M. Whitte of Mill Valley. Symmes is a son of Mr. and Mrs. Frank J. Symmes.

WOULD SAFEGUARD
AGAINST ACCIDENTSurety Official Lectures at the
Unitarian Club on Means
of Prevention.

ALAMEDA, April 4.—Speaking before the Unitarian club last night, Carl M. Hansen, a representative of a surety company, gave an illustrated lecture on scientific accident prevention as applied to industrial establishments. Hansen's lecture was designed to show how accidents could be reduced to a minimum and how excessive premiums could be reduced through simple precautions and co-operation on the part of employers and employees.

Among the views shown were many of unguarded machinery and the contrasting pictures of the same machinery provided with safeguards. Open shafting, unprotected cogwheels and flywheels, safety appliances for all sorts of mechanical equipment, signs, etc., were shown on the screen.

The lecturer said that despite the findings of the coroner's juries in recent fire accidents that the mine owners were to blame through not taking ordinary precautions to avoid such accidents. Eight or ten buckets of water immediately at hand would have prevented two recent accidents, resulting therein duty commensurate with the loss of life.

ALAMEDA, April 4.—The identity of the Albany Improvement club, formed in the interests of Frank J. Roberts when he and the Albany trustees parted company some months ago, and the Good Government League, now supporting Roberts and others for office, is alleged in an affidavit issued today by Mayor E. D. Cushing to have been admitted to him by Roberts last night. Cushing alleges the admission was made in the presence of eight persons at Moore's cafe. The affidavit follows:

"Dated at Berkeley, California, April 4, 1912. Frank J. Roberts, who is now a trustee of the city of Albany and is a candidate for re-election on April 8, 1912, did, on the evening of April 3, 1912, before me, a witness, to wit, eight prominent citizens of Albany, and in my presence and hearing state that:

The Albany Improvement club of Albany and the Good Government League of Albany are one and the same.

WOMEN IN THE NEWS

DIVORCE AIDS LIEUT. JONES IN COURT

Navy Man Defended by Former Wife of Man Who Accuses Him.

SATTLE, April 4.—Mrs. Margaret McReynolds, divorced wife of Lieutenant Charles S. McReynolds, the marine officer who is the complaining witness in a note against Lieutenant Jones, U. S. N., on trial by court-martial at the Puget Sound navy yard accused of conduct unbecoming an officer and a gentleman, went on the stand in behalf of Lieutenant Jones yesterday.

Frank H. Kelley of Tacoma, counsel for the defense, prefaced Mrs. McReynolds' testimony by a long statement in which he said that the defense would undertake to show that Lieutenant Jones, who is charged with breaking up the home of Lieutenant McReynolds, had responded to an appeal from a virtuous wife to protect her from the brutalities of an insanely jealous husband.

Kelley said that Lieutenant Jones had agreed to protect and care for Mrs. McReynolds only after she had promised to become his wife after she became divorced from her husband with whom she had said a reconciliation was impossible.

Mrs. McReynolds said that her husband told her that if she did not obey him she would have to leave him. The cause of the quarrel, she said, was her refusal to sign the release of a note for \$500 held by John Armstrong, an enlisted man. She said she refused to sign the release because her husband would not tell her why he borrowed the money.

"I was led," she believed it was to pay the hospital bill of a woman in New York named Polly Stewart," added the witness.

Mrs. McReynolds was on the stand when court adjourned.

Scene at Grave

SAN JOSE, April 4.—Declaring that she had been forced to occupy a minor place in the funeral of her husband, Charles J. Martin, former mayor of this city, which was held here, Mrs. Cora M. Gony Martin, his divorced wife, created trouble at the ceremonies, and issued a statement last night, in which she declared that she had been grossly insulted by members of the Martin family.

About two months ago Mrs. Martin was divorced from her husband. He filed the charges and alleged cruelty. Martin was given the divorce, and it was said that he had made a large settlement upon her.

Shortly after the divorce proceedings the former mayor became ill and died a few days ago.

Mrs. Martin declared that during the illness of her divorced husband she made many attempts to learn of his condition from the children, by former managers and that she was turned away. Yesterday Mrs. Martin says she attended the funeral services at the church and asked to be seated with the family. She was told that no arrangements had been made and she was forced to sit in the rear of the church.

Mrs. Martin says that she went to the cemetery and when she endeavored to leave her carriage the funeral directors asked her not to make any effort to attend the service, but to leave. She refused and forced her way to the side of the grave among the members of the family.

Robbed of Hat

FREMONT, Neb., April 4.—Miss Jennie Crocker of San Francisco is en route to New York City in a private car to buy herself an Easter hat.

While in Fremont Miss Crocker spent most of her time in her private car, but several times expressed herself forcibly to the conductor, explaining that because of her delay she would not reach New York City Friday, which would be too late to have her hat trimmed for Sunday.

Warns Him

SACRAMENTO, April 4.—City Justice Anderson dismissed the charge of wife-beating preferred by Mrs. Mabel Costa against Costa yesterday and in doing so noted on record officially with the declaration that since the female of the species is more deadly than the male.

"You had better get rid of that wife of yours," said the magistrate; "she will hurt you some time if you don't. I do not believe she has any sense, and which to change you with battery, your face was scratched up and your head was bruised worse than hers when she had you arrested."

Denies Attack

SAN JOSE, April 4.—In a telegram to Dr. W. W. Guth, president of the College of the Pacific, which the latter made public last night, Bishop Edwin H. Hughes of the Methodist church denies most emphatically that he said in Baltimore that woman suffrage is a failure. He also declared that the story that he said woman is man's inferior intellectually is an utter misrepresentation.

"I really said," he declares, "that any opposition to woman suffrage based on such grounds is nonsensical."

'Tube' Skirt Costly

WASHINGTON, April 4.—Twelve yards of cotton goods for every woman who followed the edicts of fashion is the price the cotton interests paid for the "tube" skirt and its accompanying lack of undergarments, according to George W. Neville, president of the New York Cotton exchange, who addressed the American Cotton Manufacturers Association.

Beauty of Color--Their Effect on Complexion

By LILLIAN RUSSELL

(Copyright, 1912, Lillian Russell.)

THE Creator of the universe gave us green as the prevailing color of the world. Everything in color blends with green and green blends with every other color. Young girls may wear a sage green with most becoming effect. It blends with other colors and it is becoming in itself because it annuls any tinge of green which may be latent in the complexion and which in dark persons is often more obtrusive than the owners are aware of. The most sallow woman would be indignant at a suggestion of this, and often contrives to defy herself by wearing the colors which increase her defects.

Fair women are frequently improved by wearing this dull, dingy green when a pale green would make them look corpse-like. Sage green mixes beautifully with apricot color. Both are most perfect colors to set off a pale dark complexion. Sage green also looks ravishing with primrose or turquoise blue on an auburn haired girl.

As a room coloring green is always satisfactory, as it gives a beautiful background to mahogany, brass or gilt and is a less sharp contrast to other colors for decoration.

There are some bright greens which are becoming to the face, but only a few shades.

Green with a slight yellow tinge in it is a picturesque color and often proves a success in a material that is without gloss. In silks and satins it is nearly as coarse and unpleasant as a pure bright green, innocent of any blue or yellow, and when worn, as hundreds of women persist in wearing it, with a mass of scarlet, it is so horrible as to give positive pain to a sensitive, artistic eye.

In theaters and concert rooms a scarlet cloak usually covers a green dress and is capped by some green hair ornament. One may count these mistakes by the dozen, and they generally arise from the milliner's creed that scarlet and emerald green must go hand in hand because green and red are complementaries.

The vulgarity and disagreeableness of this mixture ought to be apparent to anybody with the rudiments of artistic feeling.

Green is often mentioned in medieval poems as a favorite color for dress for both men and women. The lovely Rosalie, in "The Court of Love" (attributed to Chaucer) is robed in a green gown, "light and summer wise, shaped full well," with "rubies around her neck."

"Antique colors were, as a rule, much less brilliant than modern ones, and rubies are far from being scarlet."

A dull yellow green and dark crimson are a beautiful mixture. Pale green, so trying to the majority of faces, is in some cases a pretty ornamental finish and may be mixed cleverly with pale blue in a most charming manner.

The dress offered to Enid, "Where like a shoaling sea the lovely blue played into green," is one of Tennyson's happiest thoughts. It requires excellent taste to do this well, however, and, alno, pale green is better shunned.

Remember: The complexion must be wonderful—that will survive ill treatment.

night before retiring, then put on an old pair of kid gloves or loose-fitting cloth ones to protect the bed linen. When the hands are sore, do not wash them with soap and water, for this only makes them worse, but cleanse them with olive oil or a good cold cream. When doing housework of any kind gloves should be worn to protect the hands. If the hands are in water, rubber gloves should be worn, and when doing light work, such as dusting, wear gloves. I shall also send you the formula for the cold cream if you wish it.

M. J. D.—I consider which hazel one of the best astringents and it is one of the necessities of my toilet table. If you will send me a self-addressed, stamped envelope I shall be glad to send you the formula for a good astringent lotion which will reduce the pores, and also the formula for a cream which will make your skin smooth and soft.

MARJORIE—I am sure this will help you. I cannot recommend the article you mention, as I know nothing about it. However, I consider a pure rice powder good for the face. If you care for it, write me again, inclosing a self-addressed, stamped envelope, and I shall be glad to send you the formula for the skin food.

OAKLAND'S BOYS AND GIRLS

MAKE PLANS FOR GRADUATION EXERCISES

Preparations are being made in the schools of this city for graduation exercises, which will be held in June. Mid-term examinations will be conducted next month. They will consist of written and oral quizzes by the principals, teachers and deputy superintendents. No date has as yet been set by the local board of education for the opening of school, after the summer vacation, which will begin June 10, 1912. During December there will be a three weeks' vacation commencing with December 11.

The members of the board of education are considering an eight weeks' vacation, which will give the children an opportunity to work in the fields during the harvest season.

THEY ALL DEMAND IT

Oakland, Like Every City and Town in the Union, Receives It.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Doan's Kidney Pills have been found to relieve, but do not cure. Here is proof. Mrs. T. J. Courtney, 1511 Fifth street, Alameda, Cal., says: "The splendid results I have obtained from the use of Doan's Kidney Pills, this warrants my high opinion of them. I had a severe attack of kidney trouble when I was seven or eight years old and after that I was weak. Backache annoyed me a great deal and other difficulties caused by weak kidneys were present. When lying down my back ached more severely and I could not stand. This loss of rest caused a tired, languid feeling that clung to me constantly. When I learned of Doan's Kidney Pills several years ago, I used them and they did such good work that I was given great confidence in their curative powers. I have taken this remedy since then and it has brought such great benefit that I can now do all the work I wish to do. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other."

BRAVE COLLIE DOG EXTINGUISHES BLAZE

LOUISVILLE, Ky., April 4.—After extinguishing a fire caused by hot coals falling from a grate, the prize-winning collie of W. J. Atkinson awoke its master to have a look at its blistered paws. The dog sleeps on a rug in front of the grate and during the night the coals fell on the rug. Mr. Atkinson was awakened by the dog whining and scratching at his bedroom door. He arose and followed the dog to where it indicated the burning places in the rug with its nose. Then the best results for coughs, colds of anything I sell. PUPILS PROGRESS IN GOVERNING SCHOOL

In an effort to continue along the line of self-government prescribed by the members of the class of June, 1911, the pupils of the graduating class of the Franklin school, have made progress in the "school city" government. The officers of the high eighth grade are directing the affairs of the class. The Franklin school "city council" includes a mayor, city attorney, board of health, fire chief, chief of police, judge and sub-officials. The plan is original and is accomplishing results in the way of disciplining the youngsters. The teachers declare that it is one of the most effective methods of interesting the children in school affairs. Recently a mock trial was conducted in the school. It was one of the novel events of the year. The young orators presented a case of misdemeanor. Prior to the close of the present term the boys will appear in another mock trial.

LURE OF FLOWERS IS ATTRACTION TO CHILD

BUTTE, April 4.—Do wild flowers grow on the Tzarena lot in the southwestern part of the city, and are such flowers alluring to children?

This is a pertinent question in the suit started before a jury in Judge Lynch's court, in which the father of Joseph F. Conway, a 7-year-old boy, sues the Mendocino Trust company for \$35,000 for personal injuries received from falling down an open shaft while alleged to be running to gather wild flowers.

Plaintiff claims that there are natural rocks on the lot which attract children as well as flowers which draw the eyes of infant minds, and that in the quest of these flowers the boy was injured. Carelessness on the part of the defendant is alleged by the plaintiff, while the company asserts that they boy was a trespasser and had not been invited there and defendant did not know that the child was there. The defendant further claims that there are any wild flowers growing on the lot and says that the company was not negligent in any way.

William L. Cook, proprietor of the Bee Hive Drug Store, N. E. Mont., says the Bell Canyon running from Belt to N. E. Mont. is the most picturesque spot in all Montana. He writes: "I recommend Foley's Honey and Tar compound to all my customers and am never disappointed. It gives the best results for coughs, colds of anything I sell." MEXICAN REBELS ARE ROUTED; FLEE FOR LIVES

SALAZAR IS IN COMMAND AT BACA

General Arrives on Scene of Fighting Over Night; Federals Engaged.

Casualties Few in Battle So Far; Americans Leave Durango.

JIMINEZ, Mex., April 4.—Darkness interrupted the fighting between liberals and government forces at Baca, 20 miles from Parral, last night. Neither side had the advantage. During the night General Salazar reached the scene, and took command this morning when the fighting was resumed. He began a flank movement, while General Fernandez and Major Quevedo engaged the federal front. Thus far casualties have been few.

Brancio Hernandez, former secretary of state for the state of Chihuahua, was commissioned by General Pasqual Orozco today to go to Washington and by explanation and otherwise to do all in his power to counteract the alleged impression in the United States, that the rebel party is opposed to Americans.

REBELS DEFEATED.
GENERAL CAMPA'S CAMP, near Parral, Mex., April 2, by courier to El Paso, Tex., April 4.—The defeat of General Campa in his attack on Parral today was a rout. The federal defenders of the city had been reinforced and all but surrounded the rebel command, which did well to escape destruction.

It is stated officially that the rebel losses were three killed and twelve wounded, but the list is undoubtedly larger, as Campa in his flight was compelled to leave the wounded where they fell in the mountains. Among the slain was Campa's 18-year-old brother.

A woman who accompanied her husband on the march fought bravely in the trenches, handling a rifle like a veteran. Her husband was killed just as the retreat was about to begin. The woman secured a horse and attempted to save the body. The horse tried on the retreat and began to drop behind. The federals were pressing the pursuit and soon got her range.

TROOPS DISPATCHED.
WASHINGTON, April 4.—Renewed activities of the bandits near Velarde, Durango, has necessitated the dispatch of additional Mexican federal troops there to protect the population. American Consul Hamm, at Durango, reported to the State Department today that all mining operations in the state had been suspended, with the consequent exodus of Americans.

American Consul Edwards, at Juarez, has been warned by the State Department to be exceedingly cautious to avoid any action which might be taken by the rebels as a recognition of their belligerency, in any representations he might make to them for the release of Powell Roberts, the El Paso citizen, who was arrested in Juarez.

ROBERTS ACQUITTED.
EL PASO, Tex., April 4.—Powell Roberts, the American arrested at Juarez and taken secretly to Chihuahua, was tried yesterday by rebel court-martial, charged with being a Mexican spy, and acquitted. He will return to El Paso tomorrow. This news was conveyed to Colonel Ponce at Juarez in an official dispatch today.

Professor Called to 'Rockefeller Church'

Theological Seminary Instructor to Succeed Dr. Charles F. Aked.

NEW YORK, April 4.—The Rev. Dr. Cornelius Woolfkin, professor of homiletics in the Rochester Theological Seminary, has been selected as the successor to Rev. Dr. Charles F. Aked in the pulpit of the Fifth Avenue Baptist church, which John D. Rockefeller regularly attends. The church has been without a pastor for more than a year.

ATTEMPTS SUICIDE.
SAN FRANCISCO, April 4.—Morris Aloisio, a laborer 28 years old, in a fit of despondency this morning attempted suicide by swallowing iodine, in his room at 133 Market street. He was hurried to the Harbor Hospital and treated by Dr. Michaelson. He will recover.

Aahmes' Drill Team in Brilliant Uniforms

Among the interesting displays and features of the big Shrine circus now being held on the shores of Lake Merritt, probably the most excellent has been the Aahmes Temple Patrol. The patrol is one of the largest drill teams among the lodges of the bay region and in the new uniforms just received by the Shriners the patrol members present a beautiful company.

The Aahmes Temple Patrol is to go to Los Angeles to compete with drill teams from Shrine temples throughout the United States at the session of the imperial council to be held in the Southern California city, May 7 to 11 inclusive. The local patrol promises to make a strong bid for the first prize and in this way hopes to advertise Oakland at the imperial session.

The new uniforms were received a few days ago and were worn for the first time at the Shrine celebration on the shores of Lake Merritt. The uniforms are Oriental in design and are exceedingly graceful. They are of blue and gold, the main portion of the uniform, the flowing Arab trousers and close-fitting tunic, being of the blue, while the vest or jacket is of gold. The turban-caps are blue, decorated with gold.

MEMBERS WELL DRILLED.
Major C. T. Poulter, captain of the Arab patrol of Aahmes Temple, has drilled his men carefully and they go through their evolutions in clever style. The Aahmes band, headed by Director W. T. Piddwell, is costumed in a similar manner to the Arab patrol.

Tonight is Talm Temple night at the Shriners' circus and extensive preparations have been made by the Oakland Fezes to welcome their fellow nobles from San Francisco and turn their show over to the delegation from the fair city. Special stunts have been arranged and a big time is promised. It is also the closing night of the circus. It will be a carnival of fun and a Mardi Gras of clowns. Aahmes band and patrol, resplendent in their new costumes, will be on hand with music and fancy drills. A mock initiatory ceremony of a shrine candidate will be part of the program.

All three evening performances have been attended by crowds that have packed the house and it was necessary to turn away many who could not gain admission to the big show tent.

SAN FRANCISCO VISITORS.
For tonight many additional seats have been put in place, as a delegation of 400 San Francisco Shriners have made reservations for themselves, families and friends.

Last night was Alameda night at the circus. The Encinal City furnished much material for the jests of the Aahmes funmakers and many special features were presented. There was a laughable skit, entitled "The Suffragettes and the Free Speech Campaign," in which both the Berkeley and Oakland recall fights were ridiculed.

Another stunt prepared by the Fezes was burlesques of several of the animal acts with the regular Al G. Barnes circus—the one leased by Aahmes Temple—and included a trained seal act and Major Poulter's Russian Growlers, a parody on Major Thornton's performing Russian bears.

The Shrine seals flopped and rolled about the arena and were fed sardines from an open can held by J. R. D. Mackenzie as they performed the difficult feat of balancing a barrel on their heads.

MERCHANTS AS BURLESQUERS.
With collars about their necks, staid business men burlesqued the bears, much to the delight of the small boys and girls who were present at the performance.

Mrs. Florine, who shows a careful of pumas, lions and Persian leopards, continues to be a great favorite with the audiences, and the nervy little lady upholds her title of being "queen of the feminine animal trainers."

Captain Ricardo is recovering from the injuries he received on the opening day, when he was twice attacked, once by a lion and again by a bear. Though still stiff and sore from the clawing he received, he is showing his lions in a series of difficult feats at both afternoon and evening.

Mrs. Margaret Ricardo, who is also an animal trainer, is slowly recovering her speech and, according to the physicians in attendance, she will be all right in a day or two. She suffered a slight stroke of paralysis of the vocal chords from the shock she sustained when she saw her husband twice attacked by wild beasts.

HELD UP BY TWO.
SAN FRANCISCO, April 4.—James R. Day of 1870 Twenty-second street was held up by two footpads armed with revolvers at Castro and Hill streets early this morning and robbed of \$20. He furnished a description of his assailants to the desk sergeant at the Mission station.

Girl Weds, Then Casts Father's Ashes to Winds

LOS ANGELES, April 4.—Two odd ceremonies were performed on Mount Lowe at midnight last night when Miss Hattie R. Laube became the bride of Arthur N. Seward and immediately afterward cast the ashes of her father to the winds which swept the peak. Seward explained that his bride's father had been ill for three years and that she had refused to become a wife as long as she felt her father needed a daughter's care. Recently Miss Laube's father died and his body was cremated. The bride and groom were united in a quiet ceremony and then Mrs. Seward stood alone on Inspiration Peak and cast the ashes of her father to the winds.

Railroad Heads Object To Waste of Pins
Western Road Buys 76,012,000 of Them in Year, or 2300 Pounds.

CHICAGO, April 4.—Officials of one of the leading western railroads have begun a campaign against the waste of pins. Employees have been told that greater care in conserving them will be demanded in the future. It had come to the notice of the officials that pins were being thrown away in great numbers by the clerks.

Last year, the road, according to the purchasing agent, used 2300 pounds of pins. There are 2400 pins to the pound, thus it was shown that 76,012,000 pins were purchased.

FREIGHT RATES WILL BE DISCUSSED TONIGHT

L. Richardson, district freight and passenger agent of the Southern Pacific Railway, will speak before the manufacturers' committee of the Chamber of Commerce tonight at the regular meeting on freight rates. The committee has recently registered complaints against alleged discrimination on such rates from different parts of Oakland, and Richardson's talk will bear on the matter.

ARIZONA HOUSE TO TAKE UP SUFFRAGE

Women Disappointed When Date of Consideration Is Postponed.

PHOENIX, Ariz., April 4.—Many women, some of whom represented equal suffrage organizations, crowded the galleries of the lower house of the Arizona Legislature today and were disappointed when that body decided to take up the equal suffrage bill tomorrow instead of today.

Many heated arguments preceded the roll call by which the motion to reconsider yesterday's recommendation of the bill should be passed was carried by a vote of 21 to 19. The women spectators, however, were disappointed, as the action favoring immediate action on the measure.

MANY FAMILIES ARE ROBBED BY 3 SISTERS
ALBANY, N. Y., April 4.—The mystery surrounding numerous burglaries committed in this city, Easton and other towns in the Lehigh Valley is believed to have been cleared by the arrest at their homes in Easton, Mamie, Amelia and Emma Frey, three comely young women.

Detective Bachman arrested two of the girls last evening. The third one is believed to have fled into the woods and escaping for a time, but she was captured this morning. All three are in the Lehigh Valley Jail.

BEGIN SURVEYING FOR BIG SUBWAY

First Steps Taken in Plan to Tunnel Under the Estuary.

The first active steps in the preparation for construction of the proposed subway between Oakland and Alameda were taken yesterday afternoon, when a number of surveyors from the county surveyor's office began taking soundings off the foot of Madison street. A sounding barge and instruments used for making water depth measurements were taken to the scene of the sounding yesterday afternoon by tug of the Oakland Launch and Tugboat Company, and for several hours the surveyors worked over their charts. The results of the sounding were kept secret by the party.

For the past few months surveyors have been at work on the local front getting material, taking observations as to the best and most convenient places for the beginning of the great tunnel. Although it has not yet been officially given out, it is thought that the Oakland mouth of the subway will begin somewhere in the vicinity of Eleventh and Franklin streets. The great depth of the water in the stream makes this a necessity, as the steep grade which would undoubtedly be in evidence should it be placed below this street would make it impossible for heavy teams to draw their wagons up it. This steep grade question is the principal obstruction in the way of the surveyors, who are endeavoring to figure some manner or means by which the tunnel could be built.

vehicles. No data as to when work on the giant tunnel will begin has as yet been made by the men in charge of the affair, although figures in regard to time, money and other expenses which will be eliminated by the subway will be put before the public in a few months.

VESSEL OF ALASKA
FLEE SAILS OUT

Leaving the inner harbor yesterday afternoon in a tugboat, the Alaska Salmon fleet the second of the windjammer fleet flying the North Alaska Salmon flag to leave port this morning over to the San Francisco side where she is picking up supplies and conning hands in preparation for her coming run to the north. The vessel was chartered by the Alaska Salmon Association for the run to the Arctic waters while laying on her mudflat berth and she will probably square away for Bristol Bay at which place she will be stationed during the coming season the latter part of next week. The only movement among the vessels of the Alaska Salmon Association fleet today was the shifting of the bark Steamer of England from her berth along the Union Pacific wharf to the new wharves to the San Francisco side. She will pick up supplies and conning hands and will then sail for Bristol Bay.

After being overhauled on the ways of the United Engineering Works, the Charles Nelson schooner, which was left the stream under tow this morning, she will sail for a lumber cargo in a few days.

The Alaska Pacific coast freight and passenger steamer Buckman tied up at Long wharf today after a pleasant run from Seattle. She is discharging lumber and "spuds" and will pick up a quantity of electrical material. She is in charge of Captain Wilson.

The steam schooner Redondo, Captain Hanson from Coos Bay is at Long wharf discharging a lumber cargo.

The schooner Redondo was shifted from the United Engineering Works to the Pacific wharves today by the tugboat of the Alaska Salmon Association, owned by the Crowley Tugboat company, of San Francisco and will be used as a tugboat on the waters of the Panama canal.

MOTHERS AND TEACHERS MEET

Sessions Being Held at San Jose Today; Dr. Guth Speaker.

SAN JOSE, April 4.—Numerous delegates from the mothers' clubs and the teachers' associations of the bay cities assembled here today. A business session is being held this morning; the second district of the California Congress of Mothers will be organized this afternoon; this evening there will be an elaborate musical program. Addresses are scheduled by Dr. W. W. Guth, president of the College of the Pacific, Mrs. W. P. Lyon of Edevalis and others.

NURSE BATTLES TO SAVE LIFE

Miss Claire Collins Prevents Patient From Leaping to His Death.

RICHMOND, April 4.—A Lieberg owes his life to Miss Claire Collins, a pretty nurse at Abbott Hospital, and today is expressing to her his gratefulness for a heroic act on her part, although last night he did all in his power to overcome her efforts to prevent him from jumping from a second story window in the hospital, and hanging himself on the pavement below.

Miss Collins engaged in a struggle with Lieberg after he grew desperate as the result of illness and hallucinations. In a suicidal fury he attempted to throw himself out of the window, but Miss Collins gripped him before he could make his escape through the opening, and then followed an encounter in which the girl matched her strength against that of the man, whose power had the added emphasis of desperation. The nurse called for help while she struggled, and the patient was finally overcome by the young woman and those who responded to her cries for aid. Lieberg's condition is improving today.

BELIEVE DEMOCRATS PREFER TAFT NOMINATION

WASHINGTON, April 4.—Roosevelt national headquarters, commenting today on the Wisconsin primary, charged that "the Democrats are doing everything they could to assist in bringing about the nomination of Taft for the perfectly obvious reason that they recognize in him the man who would give them the least trouble at the polls in November."

THE APOLLO Player Piano

is the only one that plays down on the keys, like a pianist

This exclusive feature makes APOLLO music "human" and unlike all other Player-Piano music.

If you select a Player-Piano before seeing the APOLLO, you will surely regret it.

QUITS RUNNING AS BULLETS WHIZZ

Burglar Is Surprised While at Work and Captured by the Police.

SAN FRANCISCO, April 4.—After being surprised by his victim and two policemen early this morning, Morris Silva was captured in a rain of bullets and lodged in the city prison on a charge of burglary. Joseph Lenti, the proprietor of a junk store at 39 1/2 Eleventh street, lives in the house adjoining. He was awakened by the sound of someone in his office and telephoned for the police.

Policemen Cannon and King responded. King was stationed at the rear entrance and Cannon entered by the front door and switched on the electric light. The flash showed the intruder at work. He ran through the rear door. King was waiting for him, but was surprised by the sudden exit of the burglar and his agility in climbing over a fence. Several yards were traversed and a number of fences scaled before King was able to get close enough to his man to chance a shot, whereupon he fired four times. None of the bullets hit Silva, but he was so badly frightened that he surrendered, crouching under a wagon in a lot in the rear of 1408 Folsom street.

KNOWLAND WANTS LAKE TAHOE PARK

Introduces Bill to Take Over Territory; Hopes for Future Action.

WASHINGTON, April 4.—Representative Knowland has introduced a bill in the House providing that the Lake Tahoe region be made a national park. According to the boundaries proposed in the bill, the park will contain 951 square miles. Knowland introduced the bill upon the suggestion of the Native Sons of the Golden West, which met at Lake Tahoe a number of years ago and took up the matter of making the region a national park.

Knowland entertains little hope of securing favorable action at this session of Congress, but the introduction of the bill will give a stimulus to future action.

CO-EDS TO PREACH SUFFRAGE AT POLLS

CHICAGO, April 4.—Girl students of the University of Chicago promised last night to reach every voter in the Seventh Ward before next Tuesday's primaries in the interest of equal suffrage. The pledge was made to members of the Women's City Club.

Many of the girl students have made known their willingness to act in the campaign, and they are given a chance to aid wherever possible. Suffragists expressed the opinion last night that their campaign would have more weight with the men if they would abandon automobiles.

NEW CONBOY PANEL IS PROVIDED BY COURT

SAN FRANCISCO, April 4.—The panel of jurors was exhausted this morning in an effort to obtain twelve men to try former Captain of Police Michael Conboy, and Superior Judge gave a panel of the department 21 were sent over to Superior Court for consideration of their qualifications to sit in the Conboy case. This is only the second time, as far as is known, that a panel of this kind has been followed out.

RICHMOND WOMEN TO BEAUTIFY CITY

RICHMOND, April 4.—The West Side Women's Improvement Club at its regular meeting yesterday evening passed a resolution which will be presented at the next meeting of the city council, asking that body that something be done to improve Washington and Stockton avenues. The women in the resolution say that if the council will improve that section generally they will see to it that it will be beautified with trees and flowers in a manner which will reflect credit upon the entire city.

ALMOST A MIRACLE

One of the most startling changes ever seen in any man, according to W. B. Holaday, Clarendon, Texas, was effected years ago in his brother. He had such a dreadful cough, he writes, "that all our family thought he was going into consumption, but he began to use Dr. King's New Discovery, and was completely cured by ten bottles. Now he is sound and well and weighs 218 pounds. For many years our family has used this wonderful remedy for Coughs and Colds with excellent results." It's quick, safe, reliable and guaranteed. Price 50 cents a bottle, \$1.00. Trial bottle free at Osmond Bros.

CHURCH OFFICERS CHOSEN AT YEARLY BUSINESS MEETING

REV. HERBERT E. HAYES.

The annual business meeting of Centennial Presbyterian Church of East Oakland was held last evening. The reports from the various departments of the church were submitted to the congregation and showed encouraging progress in the different lines of work.

The membership of the church and Sunday-school department shows a substantial increase. The finances of the church are in good condition and the year 1912 is expected to be a banner year in the progress of the church work.

Upon suggestion of the pastor, Rev. Herbert E. Hayes, an advisory board was formed comprising the various heads of departments and two members of congregation to act in conjunction with the pastor in the development of the church.

The short term elders, A. R. Dow, Ira C. Martin and T. H. Cruff, were elected to succeed themselves. The new board of trustees elected was as follows: I. M. Curdy, H. Haight, S. E. Emberson, W. E. Brown, J. A. McNaughton, Ira Martin, A. L. Fowler.

The Rev. E. Hayes has endeavored himself to the congregation by his sincere, sympathetic and earnest work in the pulpit since his arrival at Centennial has made many friends in the community.

PROCLAMATION IS WRITTEN BY GIRL

The Daughter of Oklahoma's Governor Calls on People to Honor Mother.

OKLAHOMA CITY, April 4.—The most unusual proclamation that ever appeared in Oklahoma is that written by Miss Lorena Cruce, daughter of Governor Cruce, calling upon the people of the state to observe "Mother's Day," May 12, 1912. It was written at the suggestion of the governor.

As Miss Cruce's mother is dead, Miss Cruce although but 15 years of age, the "first lady in the land" in Oklahoma. The proclamation asks that "each citizen, whether old or young, rich or poor, happy or sorrowful, remember her whose love, patient human understanding, and remembering, manifest to the world love and grace that by striking a cord in all mothers in honor of the dearest of all mothers and wearing it, think of her and love her."

WOULD-BE DIVORCEE MAKES CRUELTY CHARGES

Besides general allegations that her husband had treated her in a cruel manner, Mary Enos Pereira has set forth specific charges in her complaint for divorce against John Enos Pereira, who she claims to have struck her with his fist and swore roundly at her before their children.

At the time of their marriage the groom-to-be obtained a license under the name of Enos instead of his real name, she further states. Soon after he left for visit to the Azores and after returning, continued his abusive manner. Joseph Bond declares in a complaint that Vivian Bond broke a portion of her marriage in the fact that she deserted him and now he wants to get a divorce.

ROOSEVELT CLUB'S HAT IS KICKED AROUND

The Executive Committee of County League Ignores Hill's Organization.

HARBOR COMMISSIONER STIRS-UP PROGRESSIVES

Mrs. T. H. Speddy and Samuel Poorman, Jr., Named to Select Makeup.

The Roosevelt Club, formed in Alameda by State Harbor Commissioner George M. Hill, one of the progressive Republican leaders of the state, suffered a severe blow at a meeting held in Maple Hall, Oakland, when the executive committee of the Roosevelt Republican League of the county dropped his Alameda organization into the discard, and appointed a committee to come another, with its official backing. Mrs. T. H. Speddy, a vice-president of Hill's league, and Samuel Poorman, Jr., were named as a committee to organize the new body. Mrs. Speddy declares that she was not present at the meeting, but that she will serve on the committee.

Besides the blow to his organization, Hill sustained a blow to his pride, when after the meeting George T. Morris of Alameda, a prominent worker in progressive politics, refused to shake hands with him and threatened him with physical violence. Morris told Hill that he was a political crook. It is alleged, and requested him to take off his glasses in order that he might "punch his face." The argument attracted the attention of bystanders and the two belligerents were separated. Hill retired from the field.

DISPUTE OVER FUNDS.

It troubles between Hill and Morris arose some time ago over a dispute regarding the funds of the Alameda County Republican Club in the Encinal City. Morris, who was a liberal supporter of the governor, and added the club, spent some \$40 of his own money for club purposes, according to his claims, and desired reimbursement. Hill is said to have stated to other members of the club, when Morris' bill came in, that the latter "could whistle for his money," and the club's funds were applied to the debt. Morris, however, says that Hill for the loss of his money. It is said, and his nursed his grudge against the harbor commissioner.

After the meeting of the committee Morris was standing at the doorway of the hall conversing with Arthur Moss, another Alameda resident, when Hill came down stairs.

"How are you, George?" said Hill, extending his hand.

"I'll have to refuse to shake hands with you," said Morris, looking Hill squarely in the eyes. "I'm not in the habit of shaking hands with political crooks."

"What's the matter with you?" inquired Hill.

"You are, were any kind of a man you'd know what's the matter with me," declared Morris. Hill hesitated, and then tried again to shake hands with Morris.

"Keep away—keep away from me," threatened Morris, "or I'll put one over on you."

Several persons stepped up, inquiring the cause of the trouble.

"Oh, one of those wild longhairs from Alameda is after me," explained Hill.

"If you say so," Morris said, "I'll punch your face for you."

The spectators had crowded in by this time and the encounter came to an end.

ORGANIZATION IGNORED.

Hill's organization was ignored while the committee was discussing the campaign for the governor. One of the first to come to the support of the colonel when he announced the whereabouts of his pro-terial hat was the state harbor commissioner, who at once organized an Alameda committee. He was authorized by Governor Johnson to name the officers were as follows: L. J. Geary, president; Mrs. T. H. Speddy, vice-president; W. A. Nicholson, vice-president, and L. M. King, secretary.

The executive committee of the league refused to recognize this club, and appointed Mrs. Speddy, an official of the original, with Poorman, to form the new one.

"I know nothing about the trouble between the two men. The first I heard of it was when I read it in the papers," said L. J. Geary, president of the old club, whose statement he did not see fit to trouble between the two men, and does not know anything about the committee's refusal to endorse his organization. Hill states that the affair "is nobody's business."

"The committee did not really desire that Hill's club disband," said Morris today, when interviewed. "He has made things very unpleasant for some of the progressives here by his tactics, and these will be in the other club."

ALLEGED SLAYER OF TRUCKEE MAN HELD

TRUCKEE, April 4.—John Caligari was held for the murder of Gus Schumacher by the coroner's jury and is now in jail. The evidence, however, is said not to be conclusive. Two men who were saving wood near the Schumacher home heard the shots and later saw Caligari running from the vicinity. He had been seen in the neighborhood earlier in the day also.

Mrs. Schumacher, who was seen running from her home after the shots, says she was not in the house at the time and does not know how her husband was shot, and declared she had not seen Caligari. The accused man, boarded a freight train going east, and he went as far as Sparks, Nev. From there he started to walk back. On the way George Fisher, conductor of a freight train, saw him

and picked him up. The crew, after getting Caligari aboard, bound him with ropes and brought him to this city, where he was placed in jail. Caligari declares he knows nothing of the shooting. He said he had been drinking and did not know he had been about the Schumacher home.

REFUSE TO FIGHT.

SACRAMENTO, April 4.—Two hours of discussion between the executive board of the Retail Merchants' Association and a committee from the Chamber of Commerce, consisting of P. C. Drescher, Arthur Seymour and Secretary S. Glen Andrus, failed to alter the decision of the retailers in refusing to endorse the chamber's resolutions asking the California Senators and Representatives to oppose the passage of the free sugar bill.

SEVENTEEN CARS OF MAIL ON WAY TO THIS COAST

OMAHA, Neb., April 4.—In the latest mail train ever operated in United States 30 tons of mail matter left Omaha last night for the Pacific Coast on a seven-car special on the Union Pacific.

The mail had been accumulating in Omaha since last Friday, when the transcontinental lines became blocked by floods in the Platte river. Thirty mail clerks are in charge of the shipment. The big train will be split into sections as soon as the flooded districts are passed and will run at five-minute intervals. No mail will be picked up between Omaha and San Francisco, but closed pouches will be thrown wherever necessary.

The train is given the right of way against all other trains of whatever character, and the tracks are cleared for it. No stops will be made except to change locomotives or take water and fuel.
